ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To see if the Town will authorize and direct the Selectmen to call a meeting of the legal voters of the Town, for the purpose of ascertaining the choice of said voters, by a vote taken upon a printed ballot, as to the location of a new High School building, the Selectmen to be directed to re-submit by placing on the ballot for the annual meeting for further expression of opinion as between the two locations having the greatest number of votes, as shown by the first preferential vote, to appropriate money therefor, or take any action thereon.

ART. 4. To see if the Town will vote to authorize and empower the Board of Selectmen, in the name and behalf of the Town, to acquire by purchase or otherwise, and by good and sufficient deeds conveying the same, a plot of land for school and municipal purposes, located on Massachusetts Avenue, and within the following named bounds: Massachusetts Avenue, Grove Street, Mill Street and the Boston and Maine Railroad, make an appro-

priation for the same, determine in what manner the money shall be raised, or take any action thereon.

ART. 5. To see if the Town will appoint a committee to obtain plans, estimates and specifications for a High School building, to be erected on the site selected by the Selectmen, under the authority given them by vote of the Town at this meeting, make an appropriation for the use of said Committee, or take any action thereon.

Hereof, fail not, and make due return of this Warrant, with your doings thereon, to the Selectmen, on or before said day and hour of meeting.

Given under our hands at said Arlington, this twenty-third day of January, in the year of our Lord one thousand nine hundred and fourteen.

FRANK V. NOYES,
HERBERT W. RAWSON,
JACOB BITZER,
Selectmen of the Town of Arlington.

CONSTABLE'S RETURN.

Arlington, January 31, 1914.

MIDDLESEX COUNTY.

By virtue of this Warrant I have notified and warned the inhabitants of the Town of Arlington, qualified to vote in elections and town affairs, to meet at the time and place and for the purposes herein named, by causing an attested copy of the same to be left at every dwelling house in the Town and also by posting an attested copy of said Warrant at the doors of the Town Hall in said Arlington, seven days at least before said day of meeting. A notice of the time and place of said meeting was published in the *Arlington Advocate* January 30, 1914.

WILLIAM T. CANNIFF, *Constable of Arlington.*

In pursuance of the foregoing Warrant, the inhabitants of the Town of Arlington, qualified as the Constitution requires to vote in elections and town affairs, met in the Town Hall in said Town, on Monday, the second day of February, in the year of our Lord one thousand nine hundred and fourteen, and were called to

order at thirty minutes after seven o'clock in the evening by the Town Clerk, who read the Warrant, calling the meeting and the return thereon of the Constable who served the same upon the inhabitants.

Article 1 taken up. (Choice of Moderator.)

John G. Brackett, having received all of the ballots cast, was declared the unanimous choice of the meeting for Moderator, and he was duly sworn to the faithful performance of his duties by the Town Clerk. On motion of Truman L. Quimby, Chairman of the Committee of Twenty-one, Article 3 was taken up.

Article 3 taken up. (High School accommodations.)

On motion of Arthur Birch, Article 3 was laid on the table. On motion of Mr. Birch, Article 4 was taken up.

Article 4 taken up. (Schouler Court Site.)

Mr. Birch speaking under Article 4, requested permission to have Mr. Howard B. S. Prescott present, by means of stereopticon views, the proposed site, as it now appears and how it would appear if the plans as proposed were carried out. This permission was given and Mr. Prescott presented numerous views of the site, the surrounding territory and of a building that might be erected on the site. Mr. Birch then offered the following motion:

"That the Board of Selectmen be and hereby are authorized and empowered, in the name of the Town, to purchase by good and sufficient deeds, conveying a good title to the same, or by making takings according to the Statutes provided, a certain lot of land with the buildings thereon, bounded by Massachusetts Avenue and Schouler Court, the Chrome Works land, the Boston and Maine Railroad and the property of Hall, containing fourteen (14) acres, more or less, and to pay therefor a sum not exceeding twenty-eight thousand (28,000) dollars. Three thousand (3000) dollars are hereby appropriated for this purpose, to be taken from the tax levy of 1914, the balance of said sum to be borrowed, and for this purpose twenty-five negotiable notes to be issued, each for the sum of one thousand (1000) dollars, two payable on January 1, 1915, and two payable January 1 of each succeeding year for six (6) years — or until January 1, 1920, inclusive, and then one payable January 1, of each year for the next succeeding thirteen (13) years, the whole to be paid within twenty (20) years from date; said notes to be designated on the face thereof

'Schouler Court Purchase of 1914'—to bear interest semi-annually at a rate not to exceed four and one-quarter per cent, and to be executed in accordance with the provisions of Chapter 616 of the Acts of 1910 and amendments thereto."

This motion was discussed by a number of citizens and, it appearing that the business calling the meeting could not be finished on this date, it was

Voted: That when this meeting adjourns it adjourn to meet in this hall on Monday, February 16, 1914, at 7.30 o'clock.

Discussion of Mr. Birch's motion was then resumed and on the previous question being called for, the check list was used.

The Moderator appointed tellers to receive, sort and count the ballots and divided the list assigning the right of the hall to voters from "A" to "L" and the left of the hall to voters from "M" to "Z."

It was voted that the polls be kept open thirty (30) minutes and this time was later extended one-half hour or until ten forty-five o'clock (10.45), at which time the polls were declared closed.

As the motion called for an appropriation to be raised by borrowing, a two-thirds vote was necessary. The tellers canvassed the vote and reported that four hundred nineteen (419) ballots had been cast. Necessary to carry by two-thirds, two hundred eighty (280).

Voting in favor of the motion, two hundred eighty-one (281).

Voting against the motion, one hundred thirty-eight (138).

The Moderator declared the motion carried as follows:

Voted, by a two-thirds vote: That the Board of Selectmen be and hereby are authorized and empowered in the name of the Town, to purchase by good and sufficient deeds, conveying a good title to the same, or by making takings according to the statutes provided, a certain lot of land with the buildings thereon, bounded by Massachusetts Avenue and Schouler Court, the Chrome Works land, the Boston and Maine Railroad and the property of Hall, containing fourteen (14) acres, more or less, and to pay therefor a sum not exceeding twenty-eight thousand (28,000) dollars. Three thousand (3000) dollars are hereby appropriated for this purpose to be taken from the tax levy of 1914, the balance of said sum to be borrowed, and for this purpose, twenty-five negotiable notes to be issued each for the sum of

one thousand (1000) dollars, two payable on January 1, 1915, and two payable January 1 of each succeeding year for six (6) years,— or until January 1, 1920 inclusive — and then one payable on January 1 of each year for the succeeding thirteen (13) years, the whole to be paid within twenty (20) years from date; said notes to be designated on the face thereof "Schouler Court Purchase of 1914"— to bear interest semi-annually at a rate not to exceed four and one-quarter ($4\frac{1}{4}$) per cent and to be executed in accordance with the provisions of Chapter 616 of the Acts of 1910 and the amendments thereto.

Number of voters attending the meeting was 459.

Meeting adjourned at 10.50 p.m.

A true record. Attest:

THOMAS J. ROBINSON, *Town Clerk.*

Arlington, February 16, 1914.

Pursuant to adjournment the citizens of Arlington, qualified to vote in elections and town affairs, met in the Town Hall, on Monday, the sixteenth day of February, 1914, and were called to order at thirty minutes after seven o'clock in the evening, by the Moderator, John G. Brackett.

Mr. O'Leary made a motion that the vote passed February 2, 1914, under Article 4 of the Warrant be reconsidered, Mr. O'Leary stating that he had voted with the majority at the meeting February 2, 1914, and that adjournment had taken place before the expiration of the time allowed to reconsider.

William G. Peck offered a motion that on account of the severe storm prevailing and the small number of citizens present, the meeting adjourn. This motion was declared lost by the Moderator.

While at the opening of the meeting only about two hundred citizens were present, at 8 o'clock more than four hundred were present.

The motion to reconsider was discussed by many citizens.

At the request of ten citizens the Moderator ordered the check list used. Previous to the vote being taken on the motion to reconsider a motion to allow slides of other sites to be thrown on the screen was declared not carried.

On the question of reconsideration, the Moderator declared the motion not carried, 65 having voted in the affirmative and 117 in the negative.

The Moderator then declared Article 4 disposed of. Mr. Birch then called for Article 5.

The Moderator ruled, that, as a petition, signed by fifty voters of the Town had been presented to the Selectmen, asking that the vote passed under Article 4 be submitted to the voters of the Town for ratification, no action could be taken under Article 5 at this time.

The business calling the meeting having also disposed of Articles 2 and 3 and it being impossible to take action under Article 5, it was

Voted: That this meeting do now adjourn. The number of voters attending the meeting as determined by the Constables in charge of the turnstiles was 439.

Meeting adjourned ten minutes after ten o'clock.

A true record. Attest:

THOMAS J. ROBINSON, *Town Clerk.*

A notice of the time, place and object of said meeting was published in the *Arlington Advocate*.

WILLIAM T. CANNIFF, *Constable of Arlington.*

In pursuance of the foregoing Warrant the inhabitants of the Town of Arlington, qualified to vote in elections and town affairs, met in the Town Hall, in said Arlington, on Tuesday, the third day of March, in the year of our Lord one thousand nine hundred and fourteen, and were called to order at two o'clock in the afternoon by Frank V. Noyes, Chairman of the Board of Selectmen, who read the Warrant calling the meeting and the return thereon of the Constable who served the same upon the inhabitants.

Article 1 taken up. (Choice of Moderator.)

Chairman Noyes read an opinion of the Town Counsel as to the law governing the meeting and stating that no action was necessary under this article as the law provided that the meeting

be under the direction of the Selectmen. No action was taken under Article 1. Mr. Noyes acted as presiding officer.

Article 2 taken up. (Ratification of Schouler Court Site Vote.)

The following election officers, having been appointed by the Selectmen, were sworn to the faithful performance of their duties and assigned as follows:

Ballot Clerks — A to L: Fred G. Wilder and Ernest H. Freeman.
M to Z: Charles P. Ladd, Jr., and Frank C. Kenney.

At Ballot Boxes — A to L: Joseph J. Duffy and Harold N. Willis. M to Z: Frank Y. Wellington and George C. Tewksbury.

Inspectors — Frank F. Russell and Michael F. Horrigan.

Special — George M. Richardson, George H. Peirce and John E. Robinson.

A sealed package of ballots was then delivered to the Chairman, who publicly broke the seal and delivered the ballots to the ballot clerks.

The ballot called only for a "Yes" or "No" vote on the question in the Warrant.

A list of registered voters was supplied by the registrars of voters to the ballot clerks and checkers at the ballot boxes.

Cards of instructions and penalties on voters were posted in prominent places, as were also specimen ballots, the meeting being conducted under the law governing elections.

In compliance with these laws the Town Hall was fitted up as a polling place, a space railed off, and booths and shelves provided for the use of voters to examine and mark their ballots.

The ballot boxes were examined by the Chairman and Town Clerk and were found to be empty and the registers set at zero.

The keys were then delivered into the custody of Constable John Duffy and remained in his custody until the close of the polls.

The polls were declared open for the reception of votes on the question submitted at five (5) minutes after two (2) o'clock in the afternoon and remained open until nine (9) o'clock in the evening, at which time, after due notice, they were declared closed. The ballot boxes had not been opened from the opening of the meeting as the ballot being only a "Yes" or "No" one, the result could be easily determined.

At the close of the polls, at nine (9) o'clock the ballot boxes registered as follows:

Box number 1 — A to L: 831.

Box number 2 — M to Z: 678.

Total, 1509.

The names checked at the ballot boxes and those checked by the ballot clerks were counted and found to agree with the number registered by the ballot boxes, fifteen hundred nine (1509).

The unused ballots were enclosed in a package, sealed and delivered to the Town Clerk.

The ballots cast were then canvassed by the Chairman, Town Clerk and Tellers, and declaration made thereof at twenty minutes after nine o'clock, as follows:

Whole number of ballots cast 1509.

Necessary for ratification (two-thirds) 1006.

Number voting "Yes" ten hundred thirty-six (1036).

Number voting "No" four hundred sixty-five (465).

Blanks eight (8).

And declaration was made that the Town had, by a two-thirds vote, ratified the vote passed February 2, 1914, under Article 4 of the Warrant, authorizing the Selectmen to purchase the Schouler Court Site.

Meeting adjourned at forty-five minutes after nine o'clock.

A true record. Attest:

CONSTABLE'S RETURN.

Arlington, September 18, 1914.

MIDDLESEX COUNTY.

By virtue of this Warrant, I have notified and warned the inhabitants of the Town of Arlington, qualified to vote in elections and town affairs, to meet at the time and place and for the purposes herein named, by causing a printed attested copy of

the same to be left at every dwelling house in the Town, and also by posting an attested copy of said Warrant at the doors of the Town Hall in said Arlington, seven (7) days at least before said day of meeting. A notice of the time, place and object of said meeting was published in the *Arlington Advocate*, the only newspaper published in Arlington.

(Signed) WILLIAM T. CANNIFF, *Constable of Arlington*.

In pursuance of the foregoing Warrant the inhabitants of the Town of Arlington qualified, as the law requires, to vote in elections and town affairs, met in the Town Hall, on Friday the eighteenth day of September, in the year of our Lord one thousand nine hundred and fourteen and were called to order at seven-thirty o'clock in the evening by the Town Clerk, who read the Warrant calling the meeting, and the return thereon of the Constable who served the same upon the inhabitants.

Article 1 taken up. (Choice of Moderator.)

John G. Brackett was unanimously elected Moderator and was sworn to the faithful performance of his duties by the Town Clerk.

Article 2 taken up. (Reports of Committees.)

Louis B. Carr, Chairman of the Committee of Twenty-one, presented the report of that Committee in printed form and said report was distributed to the assembled citizens. On motion the report was received.

The report was then laid on the table.

Jacob Bitzer, Chairman of the High School Committee, then presented the report of said Committee, the report being also in printed form, and requested the Secretary of the Committee, Clarence A. Moore, to read the report to the citizens. The report was as follows:

To the Citizens of Arlington:

At the Town Meeting held April 9, 1914, the following vote was passed:

Voted: That a Committee of seven be appointed to obtain working plans, specifications and estimates for a High School building, to accommodate not less than eight hundred (800) pupils, including equipment, at a cost not to exceed \$175,000, to be erected on the Schouler Court Site, the purchase of which

the Selectmen were authorized to make by the vote of the Town at the Town Meeting, February 2, 1914, and that an appropriation of \$500 be made for the use of said Committee, said sum to be taken from the general tax of 1914. The said Committee shall have power to fill vacancies.

Acting under the provisions of the above vote, your Committee met April 13 and organized. The Committee has held approximately thirty meetings and has visited most of the more recently erected High School buildings in this vicinity. We have also had the assistance of members of the School Committee, of the Superintendent of Schools and of the Principal of the High School, to whom we are indebted for helpful advice and suggestions.

Early in the deliberations of the Committee the question of an architectural competition arose and after careful consideration of the matter, extending over several meetings, and also under the advice of several prominent disinterested architects, we deemed it inexpedient to hold such a competition. It seemed to the Committee that the interests of the Town would be better served by the selection of an architect in whom it had confidence and the employment of a professional advisor.

In this capacity the services of Prof. James Knox Taylor, formerly employed by the United States Government and, until recently, head of the Architectural Department of the Massachusetts Institute of Technology, were secured. He has attended most of the meetings of the Committee and has rendered valuable assistance. As architect, the Committee chose Mr. H. B. S. Prescott of the firm of Prescott & Sidebottom.

In order that the architect might have at his disposal all available information to assist him in designing the foundations of the proposed building, the Committee had test borings made to determine with a reasonable degree of accuracy the nature of the underlying soil. The borings showed the material to be good gravel, excellent material upon which to build.

Plans and specifications having been developed, the Committee proceeded to advertise for bids. Thirteen proposals from contractors were received and were opened in public, August 28, in the Hearing Room of the Town Hall.

The bids were found to range from \$182,441 to \$166,530 for the general construction of the building. Figures were received

at the same time for the installation of the heating and ventilating system from eight firms, ranging from \$22,730 to \$17,598. The following table shows the cost of the building based upon actual proposals on file with the Committee:

General Contract for erecting building	\$156,530
Installation of heating and ventilating system	17,598
Furnishings	7,725
Grading, including water and sewer connections and electric conduit	6,275
Electric lighting fixtures	925
Plans, specifications, supervision and architect's fee . . .	10,500
<hr/>	
Total	\$199,553

The Committee believes that, if the plans as submitted by them meet with the approval of the Town, the Committee appointed to erect the building should have the sum of \$200,000 placed at its disposal.

Respectfully submitted,
(Signed) JACOB BITZER, *Chairman*,
CLARENCE A. MOORE, *Secretary*.

The report was received. File No. 801.

At the request of the Committee, Mr. Prescott presented views of the proposed building, on the screen, and explained the many details of the structure.

Mr. Nelson B. Crosby, a member of the Committee, then presented a minority report and requested the Clerk to read a communication from Mr. R. A. Cram, President of the Boston Society of Architects. The minority report was received and ordered filed. File No. 802.

Article 2 was then laid on the table.

Article 3 taken up. (Appropriation for High School.)

Mr. Carr, for the Committee of Twenty-one, made a motion that no action be taken under this article.

Mr. Bitzer offered, as a substitute motion, the following:

That the sum of one hundred eighty-six thousand (186,000) dollars be appropriated for the erection of a High School building

on the Schouler Court Site, so called, substantially in accordance with the plans of the Committee appointed by the Town April 9, 1914, that the Town borrow said sum of one hundred eighty-six thousand (186,000) dollars for the construction of said building (not including furnishings and grading), and for this purpose issue one hundred eighty-six (186) negotiable bonds, for the sum of one thousand dollars each, ten payable in the year 1915, ten payable in each of the succeeding seventeen years, and six payable in the nineteenth year thereafter, said bonds to be designated on the face thereof "High School Loan of 1914." All such bonds to be signed by the Treasurer and countersigned by the Selectmen and to bear interest semi-annually, at a rate not exceeding four and one-half per cent per annum. And that the Committee appointed April 9, 1914, be authorized and empowered to supervise and direct the erection of said building and the expenditure of the sum hereby appropriated. And the Treasurer is hereby authorized and empowered in the name and behalf of the Town to make a temporary loan for a period of not more than one year in anticipation of the money to be derived from the sale of said bonds and to issue therefor the note of the Town, signed by the Treasurer and countersigned by the Selectmen, said note to be paid from the proceeds of the sale of said bonds.

This motion was discussed by Messrs. Bitzer, W. W. Crosby, Birch, Williams, Tupper, John W. Bailey and others.

On a petition signed by Jacob Bitzer and fifteen other legal voters of the Town the vote was taken by use of the check list.

The vote being called for, the Moderator appointed Frank Y. Wellington, Ernest H. Freeman, Charles M. MacMillan and Deane S. Reynolds to receive, sort and count the ballots. The polls were then declared open.

Article 3 was laid on the table pending the result of the ballot.

It appearing at this time that the business calling the meeting might not be finished this evening a motion was carried that when this meeting adjourns it adjourn to meet two weeks from this date. The adjournment, however, was not necessary as the remaining articles in the Warrant were acted upon during the counting of the vote under Article 3.

Article 4 taken up. (Equipment of High School.)

The Committee of Twenty-one recommended, and it was

so voted: That no action be taken under this article.

Article 5 taken up. (Selectmen to dispose of buildings, etc.)

Voted: That the Selectmen are hereby authorized to remove or dispose of such unoccupied buildings now standing upon the Schouler Court Site, so called, as may interfere with building operations upon said site.

Article 6 taken up. (Purchase of Hall estate.)

Voted: That the Selectmen be and they are hereby authorized and empowered, in the name and behalf of the Town, to purchase by good and sufficient deeds conveying a clear title to the same, the strip of land adjoining the Schouler Court Site so called, and known as the Benjamin Hall Estate, containing about 9358 square feet of land and to pay therefor a sum not exceeding \$1200 and the taxes assessed for 1914, said sum to be taken from the proceeds of sales of Cemetery lots now in the Treasury.

At this time the Moderator, after announcing that the polls would be closed at this time, declared the poll sclosed. The tellers appointed proceeded to count and tabulate the ballots cast. During the time occupied by the counting of the ballots the business of the meeting was resumed.

Article 7 taken up. (Authority of Treasurer to borrow.)

Voted (by a two-thirds vote): That for the purpose of procuring a temporary loan to and for the Town of Arlington, in anticipation of revenues of the municipal year 1914, the Town Treasurer be and hereby is authorized and directed to borrow, from time to time, with the approval of the Selectmen, a sum or sums, in the aggregate not exceeding fifty thousand (50,000) dollars and to execute and deliver therefor the note or notes of the Town issued in accordance with and conforming to the requirements of Chapter 616 of the Acts of 1910, and amendments thereto, payable within one year from the time the loan is made. Any debt or debts incurred by a loan or loans under this vote shall be paid from the revenues of said municipal year.

Article 9 taken up. (Summer Street and Extension.)

Voted (by a two-thirds vote): That the Town accept and establish as a Town way the way known as Summer Street and Summer Street Extension as laid out, relocated and widened by the Joint Board of Selectmen and Board of Public Works under the provisions of law authorizing the assessment of better-

ments, said way being more particularly described in Article 9 of the Warrant. And the sum of ten thousand seven hundred (10,700) dollars is hereby appropriated for the payment of land damages incurred by said layout, relocation or widening, said sum to be borrowed, and for this purpose the Treasurer is hereby authorized and empowered in the name and behalf of the Town to issue ten serial bonds therefor, the first bond to be for \$1700 payable in the year 1915, and the remainder of said bonds to be for the sum of \$1000 each, payable in each of the nine succeeding years thereafter; said bonds to be signed by the Treasurer and countersigned by the Selectmen and to bear interest at a rate not to exceed four and one-half per cent per annum and to be designated on the face thereof, "Summer Street Loan of 1914."

Article 8 taken up. (To lay out a way over land of Mt. Pleasant Cemetery.)

Voted: That the Town give authority to the Cemetery Commissioners to allow a way to be built through a part of their land on the shore of Mystic Lake and in proximity to Meadow Brook Park.

Article 10 taken up. (Land for park purposes near Mystic Lake.)

Voted (by a two-thirds vote): That the Park Commissioners be and hereby are authorized and empowered, in the name and behalf of the Town, to acquire by purchase or otherwise, for park purposes, the parcels of land described in Article 10 of the Warrant. And the sum of \$5800 is hereby appropriated for the purpose of paying for said land, said sum to be borrowed, and for this purpose the Treasurer is hereby authorized and empowered, in the name and behalf of the Town, to issue ten serial bonds therefor, the first bond to be for the sum of \$1300, payable in the year 1915, and the remaining bonds to be for the sum of \$500 each, payable in each of the nine succeeding years thereafter, said bonds to be signed by the Treasurer and countersigned by the Selectmen and to bear interest payable semi-annually at a rate not to exceed four and one-half per cent per annum and to be designated on the face thereof, "Park Loan of 1914."

CONSTABLE'S RETURN.

Arlington, September 18, 1914.

MIDDLESEX COUNTY.

By virtue of this Warrant I have notified and warned the voters of the Town of Arlington, qualified as the law directs to vote in primaries, to meet at the time and place and for the purposes herein named, by causing a printed attested copy to be left at every dwelling house in Town, and also by posting an

attested copy at the doors of the Town Hall, seven days at least before said day of meeting.

WILLIAM T. CANNIFF, *Constable of Arlington.*

Pursuant to the foregoing Warrant, the voters of the Town of Arlington, qualified to vote in primaries, met in the Town Hall, in said Arlington, on Tuesday, the twenty-second day of September, in the year of our Lord one thousand nine hundred and fourteen and were called to order at 12 o'clock noon, by Frank V. Noyes, Chairman of the Board of Selectmen, who read the Warrant calling the meeting and the return thereon of the Constable who served the same upon the inhabitants.

Under the law Mr. Noyes served as Chairman of the meeting.

The law governing elections prevailed and the Town Hall was fitted up as a polling place, a space railed off and steel booths provided for the use of voters to examine and mark their ballots.

Each booth was supplied with suitable facilities for the purpose, and cards of instructions to and penalties on voters.

The following election officers having been appointed by the Selectmen were sworn to the faithful performance of their duties and assigned as follows:

Ballot Clerks — William D. Grannan, Clarence G. Parsons, David T. Dale and Edward W. Schwamb.

Ballot Boxes — Frank Y. Wellington, George C. Tewksbury, Ernest H. Freeman and Frank F. Russell.

Inspectors — Josiah W. Hovey, Oscar Schnetzer, Frank E. Kenney and W. Forbes Robertson.

Tellers — Frank A. O'Brien, George H. Peirce, Fred G. Wilder, William A. Stevens and George McK. Richardson.

Sealed packages of ballots, supplied by the Secretary of State, were then delivered to the election officers by the Town Clerk. These ballots were opened publicly and given to the ballot clerks for distribution to the voters.

Specimen ballots, cards of instructions and penalties on voters were posted in conspicuous places for the information of voters as in the case of State and Town elections.

The ballot boxes were examined by the presiding officer and the Town Clerk. The registers were found to be set at zero and the boxes empty.

The registrars of voters supplied the election officers with lists of registered voters.

At five (5) minutes after twelve (12) o'clock, the polls were declared open and remained open until eight (8) o'clock in the evening, at which time, after due notice they were declared closed.

Under the law, the ballot boxes could not be open for the purpose of counting ballots until the close of the polls. The law further requires that all the ballots cast for any party shall be counted before the ballots of any other party.

At the close of the polls (eight o'clock), the boxes registered as follows:

A to L, 210; M to Z, 152. Total 362.

This number being removed and sorted were found to be as follows:

Republican, 267; Democratic, 39; Progressive Party, 56. Total 362.

The ballot clerks and tellers counted the names checked by them and found the number to agree with the number registered by the ballot boxes, three hundred sixty-two (362).

The ballots were sorted, counted and announcement made at ten o'clock as follows:

Article 2 was then taken from the table.

REPORT OF THE BOARD OF SELECTMEN.

The Board of Selectmen herewith present their report on matters coming before them during the year 1914, together with such recommendations as they deem proper, for the consideration and action of the citizens.

At the annual March election of 1914, Frank V. Noyes, Thomas J. Donnelly and Willis P. Howard were elected to serve as Selectmen and Overseers of the Poor for the ensuing year.

On March 2, 1914, the newly elected Board met in the office of the Selectmen, in the Town Hall, where the oath of office was administered to them by the Town Clerk.

The Board organized with Frank V. Noyes as Chairman, and Thomas J. Robinson as clerk.

TERM OF OFFICE.

In 1904 the Town voted to elect the members of the Board annually. Previous to that time the members had been elected for a term of three years.

At the March election of 1914 the Town voted, beginning with the election of 1915, to elect the members of the Board one for the term of one year, one for the term of two years, and one for the term of three years, and thereafter annually one for the term of three years.

In 1915 the Town will, therefore, elect the Board in accordance with that vote.

The Board is composed of three members, and under their supervision and control come the Police Department, Fire Department, Outside Poor, Public Lands and Buildings, Soldiers' Relief, State Aid, Military Aid, Gypsy Moth work and general supervision over all other matters pertaining to Town affairs and not provided for by Statute.

The Board meets every Monday evening at 7.30 o'clock in their office in the Town Hall.

STANDING COMMITTEES.

Frank V. Noyes, Police Department and Public Lands.

Thomas J. Donnelly, Outside Poor, Town House and Public Buildings.

Willis P. Howard, Fire Department, State Aid, Military Aid and Soldiers' Relief.

Agent of the Board as Overseers of the Poor, Thomas J. Robinson.

TOWN DEBT AND TAX RATE.

On December 31, 1913, the fixed debt was	\$564,200.00
Amount paid during the year	23,450.00

\$540,750.00

Amount added during the year	251,500.00
------------------------------	------------

On December 31, 1914, the fixed debt is	792,250.00
---	------------

Of the above increase \$177,500 has already been issued and \$74,000 has been authorized, but not as yet issued.

The above figures show an increase in the fixed debt of the Town of \$238,050, due to the issue of notes and bonds for New High School Building (\$186,000), grounds for same (\$25,000), Extension of Summer Street (\$10,700), Park Lands (\$5800) Winter Street Playground (\$4000), Construction of new Streets (\$8000), Extension of Water Mains (\$10,000), and Turkey Hill Takings (\$2000).

SINKING FUND.

As stated last year the balance in this fund on December 31, 1913, was	\$75,841.75
--	-------------

Added during the year:

For interest	\$3,440.75
------------------------	------------

By appropriation	14,550.00
----------------------------	-----------

93,832.50

During the year the following amounts have been paid from this fund:

Accrued interest on bonds purchased	\$149.56
-------------------------------------	----------

Rent of safety deposit vault	10.00
--	-------

159.56

On December 31, 1914, the Sinking Fund is

\$93,672.94

The only amounts paid out of this fund during the year were as stated above from accrued interest and for rent of safety deposit box.

No payments on the debt of the Town will be paid from this fund until 1922.

TAX RATE AND TAXABLE PROPERTY.

The tax rate for 1914 is \$21.10 on \$1000, or \$1.50 less than in 1913.

The total increase in personal property and real estate in 1914, as compared with 1913, is as follows:

<i>Personal Property</i>		<i>Real Estate</i>	
<i>1913</i>	<i>1914</i>	<i>1913</i>	<i>1914</i>
\$1,996,229.00	\$2,046,807.00	\$13,073,332.00	\$13,765,955.00
Increase in Personal Property in 1914.....			\$50,629.00
Increase in Real Estate in 1914.....			692,623.00
Increase in 1914 in both Real and Personal Property			\$743,252.00

STATE, COUNTY AND METROPOLITAN TAXES.

	<i>1914</i>	<i>1913</i>	<i>Increase</i>
State Tax.....	\$31,587.50	\$28,880.00	\$2,707.50
County Tax.....	17,322.62	14,569.53	2,753.09
Metropolitan Sewer Tax....	14,611.90	14,547.74	64.16
Metropolitan Park Tax.....	7,748.82	7,532.80	216.02
Metropolitan Water Tax....	16,583.39	20,491.56	3,908.17*
Charles River Basin Tax....	1,222.72	1,169.56	53.16
Alewife Brook Tax.....	2,646.59	2,445.00	201.59
*Decrease	\$91,723.54	\$89,636.19	\$2,087.35

The total State, County and Metropolitan taxes for 1914 are \$91,723.54, or \$2,087.35 more than the amount assessed in 1913.

The above figures show an increase in these taxes for 1914 of $2\frac{1}{4}$ per cent over the amount assessed for 1913, which was an exceedingly large assessment, amounting to 28 per cent over the amount assessed in 1912. It does not seem possible that the State taxes can be materially increased during the next few years.

These figures show that while the increase of State and Metropolitan taxes show an increase of $2\frac{1}{4}$ per cent over that of last year on every \$1000 of taxes paid, the reduction of \$1.50 in the tax rate shows a material decrease in the amount of the tax levied for Town purposes. The Board would, therefore, again urge that strict economy be practiced by all the departments of the Town without impairing the efficiency of the service, in order that our tax rate may show some reduction in the coming year.

CORPORATION AND BANK TAX RECEIVED BY THE TOWN.

	1914	1913	Increase
Corporation Tax.....	\$5,904.19	\$7,358.60	\$1,454.41*
Bank Tax.....	12,014.66	12,288.68	274.02*
Street Railway Tax.....	10,027.99	11,707.99	1,680.00*
Boston Elevated Ry. Tax...	3,223.29	3,136.19	87.10
Bay State St. Ry. Tax.....	365.02	364.15	.87
Middlesex St. Ry. Tax.....	120.10	115.88	92.19

Decrease	\$31,650.25	\$34,971.49	\$3,321.24
-----------	-------------	-------------	-------------

The total receipts as shown above for 1914 amount to \$31,650.25, or \$3,321.24 less than the amount received in 1913.

From the above figures it will be seen that while our State, County and Metropolitan taxes show an increase, the revenue derived by the Town from the Corporation, Bank and other taxes shows a corresponding decrease.

DEBT MATURING.

While it has been the custom to publish each year in the report of the Selectmen, the debt maturing for the next succeeding five years, this seems a useless duplication, as this table is published in the Auditor's report. It is therefore omitted in this report.

POLICE DEPARTMENT.

The police force of the Town remains the same as last year, the only change being in the appointment of Thomas M. Donovan to fill the vacancy caused by the resignation of George T. Woolley.

The force consists of a Chief, Lieutenant, Sergeant and nine Patrolmen. All are under Civil Service and Pension laws.

The Department, during the year, has continued to do efficient work, as indicated by the report of the Chief of the Department to this Board, and which is made a part of this report under that heading.

During the year the quarters of the Department were moved to the easterly side of the old Town Hall Building, and now occupy the offices formerly used by the Selectmen, Assessors, Town Clerk, Treasurer and Collector. A new entrance has been made on the easterly side of the building, thus eliminating the undesirable feature of having arrested persons brought through the main entrance, thereby interfering with the patrons of the Hall above, which is used as a theatre, and from which the Town derives a revenue.

The Chief's office has been divided and a new passageway and stairs to the cell room constructed, making the present quarters of the Department equal, in equipment and convenience, to any police station in the Metropolitan District. All the alterations have been made within the amount appropriated for that purpose, viz., \$500.00

While the Chief of the Department, in his report, recommends the appointment of two additional officers, the Board are of the opinion that these appointments should not be made this year. The estimated cost to the Town for two additional officers would be about \$1900. There is at the present time a general and growing demand that our street lights should be on the all-night schedule. To do this an additional appropriation for street lights of about \$2400 would be necessary. The Board are of the opinion that the street lights should be lighted on the all-night schedule, viz., from one half hour after sunset until one-half hour before sunrise. If this is done we feel that the necessity of appointing more officers can be safely deferred, as with the lights burning all night and the increasing use of the telephone in the homes of our citizens, a greater degree of protection is afforded than by the appointment of two officers. As will be seen, the difference in cost to the Town is only a matter of about \$500.

For details of the work of the Department reference is made to the report of the Chief of Police and for details of expenditures of the Department to the report of the Auditor.

OUTSIDE POOR DEPARTMENT.

As was stated last year in the report of the Board, the problem of caring for the poor is a perplexing one, due in a great measure to new laws enacted governing the subject. When the report of last year was written we had no persons receiving aid under the provisions of Chapter 763 of the Acts of 1913, this being the "Mothers with dependent children Pension Act." It was with the provisions of this Act in mind, however, that your Board asked for an appropriation of \$8000, and explained to the Committee of Twenty-one the reasons this amount would be necessary if all those entitled to this pension were to be cared for under this law. The amount of the resources at the disposal of the Board for this and other charitable purposes was submitted to the Committee and to the Town.

The Board has the control and disbursement, for the purposes indicated in the various bequests, of the *income only* of these funds, and cannot, if such a thing were even necessary to relieve want and suffering, expend any part of the principal. The entire amount of these funds is \$12,317.34, and the income, varying from 3½ to 4½ per cent, is about \$495.

To this might be added the income of the Edwin S. Farmer Fund for Needy Persons, amounting to about \$200. Owing to the recommendations of the Committee of Twenty-one and the vote of the Town, the appropriation asked for (\$8000) was reduced to \$7500. This reduction necessitated the drawing of all income from these funds for the past year. The accumulated income has, however, not been drawn from. The Board are of the opinion and recommend that the appropriation for the care of our poor be made sufficiently large each year to not only care for all the poor needing aid, but to conserve the income from the funds, looking to a time when the demand upon our resources will be greater as the population increases.

During the year six mothers with dependent children have been aided under this new law, and reimbursements received from the State amounting to \$625. These mothers are now enabled to properly care for their children in their own homes, and the effect of the law has been decidedly beneficial in every way to these families.

During the year the Board has been called upon to aid more persons than ever before, particularly in the latter part of the year. A larger number of persons having a settlement here, but residing in other cities and towns, have also been aided at the expense of the Town. At the present time there are five people in Tewksbury. This is a larger number than we have ever had in any year at this institution.

The Board continues to keep in touch with recipients of the Town's charity, and each case is examined carefully and on its own merits. During the year aid has been discontinued to three families, due to the fact that they have become self-supporting.

It is the policy of the Board to aid in all cases deserving persons who through no fault of their own are suffering or in need, but it is not the policy of the Board to encourage idleness or lack of that spirit of independence that should dominate all persons before seeking public charity. There are some cases where aid is rendered temporarily, and where the Board insists that reimbursement shall be made, when the conditions requiring the aid are removed and the persons receiving the same are placed in positions where such reimbursement can be made.

During the year the Almshouse property has not been drawing as much revenue as during the previous year, owing to one tenement being vacant during a portion of the year. The property is divided into two tenements and rents for \$20 per tenement.

For details of expenses see Auditor's Report.

MILITARY AID, STATE AID AND SOLDIERS' RELIEF.

No material difference exists in these accounts from that reported last year. The Military Aid is rendered only on occasions when extreme necessity requires it, and one-half of the amount allowed is reimbursed by the State. We have at the present time but one receiving this aid. The State Aid remains the same as last year, with an average monthly pay roll of about \$175. This amount is wholly reimbursed by the State. The Soldiers' Relief Account also remains the same as last year, the monthly pay roll being about \$35, the Town bearing the entire amount of the expense. No additional appropriations under this account will be asked for the coming year. The Board has at its disposal a Fund known as the Citizen-Soldiers' Fund,

which amounted to \$461.78 January first of this year. This fund has not been drawn from for some few years, but during this year a peculiar case came before the Board, and one which they deemed a proper charge against this fund. An allowance was, therefore, made of \$2 per week. The length of time that this aid will be necessary the Board are unable to state.

FIRE DEPARTMENT.

The Fire Department has continued to do efficient work during the year, answering one hundred and eighty-two alarms, being an increase of forty-five over the number answered in 1913. The character of the work done by the Department is best illustrated by the following figures:

Value of buildings endangered	\$139,500.00
Insurance on buildings	117,530.00
Insurance paid on buildings	21,169.00
Value of contents	69,000.00
Insurance on contents	49,275.00
Insurance paid on contents	6,877.65

The Department force is the same as last year and consists of a Chief, two Assistant Chiefs, nine permanent men, and twenty-five call men.

The appropriation made for the maintenance of the Department was \$14,800.00 and the amount expended was \$14,765.59.

For details of expenses, make-up and work of the Department see reports of Auditor and Chief of the Department.

PURCHASE OF SCHOULER COURT PROPERTY FOR NEW HIGH SCHOOL.

As authorized and directed by the vote of the Town, the Board purchased the property located on the easterly side of Schouler Court and other property designated in the vote for the sum of \$27,999.00.

The amount appropriated was \$28,000.00.

Later another piece, known as the Hall property, was acquired by vote of the Town for the sum of \$1200.00 and the taxes for 1914, amounting to \$27.43, making the total cost to the Town of the entire school property \$31,226.43.

Deeds conveying a clear title to the various parcels are filed in the office of the Town Clerk.

ROBBINS MEMORIAL TOWN HALL.

As reported last year, certain changes were made necessary by the action of the State Police, in requiring more ventilating space over the stage, the installing of cleats for the chairs in the auditorium, and the construction of a stair rail on both sides of the building.

The appropriation as asked for the maintenance of the building and grounds was \$4000 and \$2000 additional to make the above changes. The estimate for the maintenance of the building could only be based on the six months' occupancy previous to the first of the year. The Committee of Twenty-one recommended and the Town so voted that, in addition to the amounts appropriated, the Board was to have the use of the amounts received for the rentals of the hall, for the general up-keep of the auditorium, scenery, piano, etc. The income derived from rentals during the year was \$1450. Of this amount \$750 was used in excess of the appropriation, leaving a balance available for transfers of about \$700.

After the first full year's experience in the cost for maintenance, the Board are of the opinion that to properly care for the building and grounds an annual expenditure of \$4500 will be necessary.

OLD TOWN HALL BUILDING.

During the year the old Town Hall has continued in use as a theatre, the Town deriving a rental of \$1000 a year. The room formerly used by the Police Department for a guard room has been leased to S. K. Ames, the Town deriving a revenue of \$400 per year. The Police Department has been assigned the rooms formerly occupied by the Selectmen, Assessors, Town Clerk, Treasurer and Collector.

INSURANCE.

The amount expended for insurance expiring was \$2100. During the coming year a much larger appropriation will be necessary, due to the fact that policies amounting to \$129,000 will expire in 1915. The boiler insurance, amounting to \$530 also expires in

1915. It is expected that during the year the new High School Building will be completed and turned over to the Town, necessitating the placing of about \$200,000 more insurance. In order to meet the renewals and place the new insurance, an appropriation of \$5500 will be necessary.

GYPSY AND BROWN-TAIL MOTH WORK.

During the year the work of the Department has been done under the direction of Superintendent Daniel M. Daley, and has been performed in a very satisfactory manner.

While the work of exterminating the gypsy and brown-tail moths has progressed in a very satisfactory manner other insects have appeared which make the work of the Department very difficult.

The tent caterpillar has appeared in large numbers in the lower section of the Town, and the Board would strongly recommend that owners of property use extra precaution by cutting down wild shrubs and worthless underbrush on their property, also by spraying during the season where these pests appear.

In order to properly care for the Department for the coming year the Board are of the opinion that the amount of \$6500, as recommended by the Superintendent, be appropriated.

For detail of the work done by the Department see report of the Superintendent and the Tree Warden.

LICENSES.

During the year a number of petitions has been received by the Board for licenses to maintain garages, in accordance with the law passed in 1913. In those cases where new garages are to be erected the Board has required that a plan of the premises, as well as of the building be submitted with the application.

Interested abutters are then notified and a hearing set on the application. During the past year a new Fire Prevention Commission has been appointed and is now preparing new rules and regulations governing the erection and operation of garages.

The Board has continued the policy of requiring a license for all public entertainments and are convinced that the best interests of the Town are served by requiring these licenses. It prevents irresponsible and undesirable persons from conducting entertain-

ments, etc., without the knowledge of the Town officials or the Police Department.

COMMON VICTUALLERS.

A larger number of Common Victualler's licenses have been granted than ever before, due to the growth of the Town and the erection of buildings for business purposes in the Arlington Heights and the East Lexington sections of the Town. Applications for these licenses are submitted to the Police Department for investigation, and the premises are required to be in suitable condition for conducting the business before a license is granted. As the Town has not accepted the provisions of Law, authorizing the Board to issue licenses for the sale of soda water, ice cream, candies, etc., on Sundays, no licenses of this nature have been granted.

BILLIARDS, POOL, BOWLING ALLEYS, ETC.

There is in the Town but one licensed pool room at this time. Numerous applications have been received for the establishment of billiard rooms, and recently for the establishment of bowling alleys. The Board are of the opinion that these applications should be very carefully considered, and the interests of abutting owners and citizens of the community be given consideration also. They have, therefore, established a rule that on all such applications a hearing shall be given, at which all interested parties can be heard.

JUNK.

Previous to this year three licenses for the collection of junk and second-hand articles had been issued at a yearly fee of \$200 each. This year, however, the Board deemed it advisable to issue but one license for the sum of \$600, allowing the holder of said license to operate two wagons. No complaints have been received from the citizens as to treatment, charges, etc., under this plan. It seems advisable to keep the number of these licenses as small as possible, thereby enabling the police to keep in closer touch for the protection and recovery of stolen property.

BIDS FOR PRINTING TOWN REPORT.

Following the custom of previous years the Board issued invitations to seven firms for estimates for printing the Town Report

for 1914. Owing to the large amount paid for the Report of 1913, due in a large measure to the size of the book, necessitated by the report of the Dedication of the New Town Hall, and the insertion of the Report of the Superintendent of Schools, the Board were of the opinion that the size of the volume should be reduced. Requests were, therefore, sent to the various Departments of the Town, asking to make their reports as concise as possible. In many cases it was found that duplications occurred in the reports of the Departments, when the same information was found in the Auditor's Report. Three bids were received, and after carefully considering the same, the contract for the Town Report was awarded to Walter J. Taplin. By the reductions indicated the Board are certain that the amount paid last year, namely, \$1700, can be reduced about \$400.

BIDS FOR COAL FOR TOWN DEPARTMENTS.

Invitations were issued to eight firms for bids to furnish coal to the Departments of the Town, with the exception of the School Department. The Departments included in the bid are Robbins Memorial Town Hall, Old Town Hall, Library, Fire, Water and Highway Departments, and Outside Poor. The bid of Peirce & Winn Company, of Arlington, was the lowest bid received, and they were awarded the contract. The prices on the various kinds of coal used were as follows:

Delaware and Hudson, furnace, egg and stove	\$6.70
Delaware and Hudson, stove for Outside Poor.	7.50
(This to be delivered in one-half ton lots)	
Georges Creek Cumberland.	4.60

JURORS.

Owing to the law now in effect governing the selection of Jurors, many complaints have been received from citizens on account of their being deprived of any knowledge that their names are on the jury list. The law requires that the Board of Selectmen shall prepare a list of Jurors, a copy of which is filed with the Town Clerk and with the Clerk of the Superior Court. Formerly this list was published so that the citizens in Town Meeting could have their names stricken from the list and others substituted. This can no longer be done and the Board would advise all citi-

zens desiring not to serve on the Jury to write a letter to that effect during the month of January each year. The list of Jurors as revised by the Board will be found under that heading.

LICENSES GRANTED.

The following licenses were granted during the year:

FRANK V. NOYES,
THOMAS J. DONNELLY,
WILLIS P. HOWARD,

Selectmen of Arlington.

REPORT OF THE CHIEF OF POLICE FOR THE YEAR ENDING DECEMBER 31, 1914, TO- GETHER WITH RECOMMENDATIONS FOR THE ENSUING YEAR.

ARLINGTON, January 1, 1915.

To the Honorable Board of Selectmen:

Gentlemen: I have the honor to submit my tenth annual report of the doings of the Police Department, for the year ending December 31, 1914.

During the year there have been 460 arrests, 18 were females, 43 juveniles, 253 were non-residents.

Fines to the amount of \$1257 have been imposed by the Court, property valued at \$2486.50, was reported stolen, and we have recovered and returned to owners property to the value of \$2072.65

The above cases were disposed of as follows:

Arrested for other police departments	106
Committed to the House of Correction	10
Complaints withdrawn	1
Continued cases	13
Discharged	50
Defaulted	4
Dismissed	3
Fined	105
Held for Grand Jury	5
Held for the Superior Court	1
Placed on file	50
Placed on probation	60
Released from the station	98
Sentenced to the State Farm	4
To the Massachusetts Reformatory	1
To the Lancaster School for girls	2

A DISTRICT OR MUNICIPAL COURT FOR ARLINGTON.

I wish to repeat from my report of last year, that I believe, as do many others, that Arlington should have a District or Municipal Court.

The present arrangements are unhandy and somewhat costly, but outside of that, and in justice to those who are unfortunate, it has never looked right or just to me, that they should be compelled, innocent or guilty, in being taken to another community to have justice meted out to them, to be the focus of hundreds of eyes of people, in a six-mile ride in public conveyances.

I believe that we, as a community having the power to enforce law, should have at least power within our own Town to adjust minor offenses, rather than flaunt them in the faces of our neighboring cities, as we are compelled now to do.

ACCIDENT AND EMERGENCY CASES.

Sixty-seven persons have been injured and attended by this department during the year. There were three deaths caused by automobiles, and one by an electric car.

I wish to thank the doctors of the Town. They have always responded promptly to our slightest call in all such cases, day or night.

MISCELLANEOUS BUSINESS.

Accidents reported	67
Ambulance calls	38
Buildings reported vacant and given special attention	90
Cases investigated	761
Dead bodies cared for	6
Defective electric lights reported	297
Defective gas pipes reported	3
Details for public assemblies	7
Dogs killed	17
Disturbances suppressed without arrest	20
Fires extinguished without alarm	12
Fire alarms given	12
Glass in fire alarm boxes reported broken	230
Injured persons assisted home	4
Injured persons assisted to hospitals	7
Lanterns placed on dangerous places	68
Lost children cared for	24
Messages delivered	61
Notices served for the Selectmen	160
Officers at fires	118

Obstructions in streets reported	40
Runaway teams secured	2
Sick persons assisted home	10
Sick persons assisted to hospitals	8
Stray teams cared for	13
Stores found unlocked at night and secured	457

I would call the attention of your Honorable Board to the large number of business places found by the officers of this department unsecured at night. That some of these places have not been found by thieves and ransacked is no fault of our storekeepers. The officers are to be commended for their vigilance.

MOTOR CYCLE.

The motor cycle has been ridden 3500 miles during the year, at a cost of \$100. It has been invaluable in assisting us to reach and patrol the outskirts of the Town, and in regulating automobile traffic.

If there is any one thing that will make an automobile driver sit up and take notice, and obey the law, it is the sight of an officer in uniform upon a motor cycle.

It has now been in use two years, and should be gone over carefully and worn parts renewed.

THE GAMEWELL POLICE SIGNAL SYSTEM.

This valuable adjunct to this department gives excellent service, and is under the supervision of the Superintendent of Wires.

There have been 34,658 duty calls, and 1623 telephone calls received at the station over this system during the year.

I would recommend that a new box be placed at, or near, the railroad crossing on Lake Street.

Owing to the large number of new homes being erected, and the ever increasing population of Arlington, and the long routes the officers are compelled to cover, together with the fact that each officer has thirty-eight days off each year, or a total of 418 days (not including sickness) for eleven men, it is imperative that we have at least two more patrolmen, and I would recommend that \$1825 be appropriated for this purpose.

I would recommend that an appropriation of \$16,983.75, be

granted for the use of the Police Department for the year 1915 as follows:

For salaries	\$13,918.75
Pension (Mr. Barry)	548.00
Ambulance hire, same as last year	200.00
Telephones, same as last year	192.00
For two extra men	1,825.00
For miscellaneous expenses	300.00
	<hr/>
	\$16,983.75

In closing, I wish to take this opportunity to thank your Honorable Board for the backing you have given me in the performance of arduous duties; and to the citizens who have assisted us by word or deed, I extend my appreciation.

Respectfully submitted,

THOMAS O. D. URQUHART,
Chief of Police.

ANNUAL REPORT OF THE CHIEF ENGINEER OF THE FIRE DEPARTMENT.

To the Honorable Board of Selectmen of the Town of Arlington:

Gentlemen: I respectfully submit my annual report of the Arlington Fire Department, for the year ending December 31, 1914.

The number of companies and equipment are the same as last year; the manual force consists of nine permanent and twenty-eight call members, the same number as last year. The apparatus is all in good condition.

Auto Combination A met with a severe accident on September 26, 1914, in responding to a call for help from the City of Woburn. This necessitated the outlay of about \$750 for repairs, part of which Woburn has promised to pay. This car is now in better condition than ever before, as heavier axles and steering gear have been put on in place of the ones damaged by accident. New Monarch Spring wheels have been put on the rear, making a complete outfit of these wheels, which have proved their good qualities more than once.

During the time which this car was out of commission, for the repairs, the Arlington Gas Light Company kindly loaned the department one of their auto trucks, which was loaded with hose and chemical tanks, and was used in answering all alarms during this period. This was without cost to the Town, and I wish to thank the superintendent of the Arlington Gas Light Company in behalf of the Town for this act of thoughtfulness.

Auto Combination B has proved its worth on more than one occasion. It is in first class condition and has not had an accident, outside of a few minor mishaps. These cars have never failed to reach the fire when called, except the one in Woburn which was accounted for.

We have at present four horses, two at the Heights, and two at Highland Hose House, on the Ladder Truck. The two on Ladder Truck are getting old and slow, and unless a motor is

installed on Truck, two new horses will be needed the coming year. One horse from the Central Fire Station was sold this year. The cost of keeping the four horses the past year was \$597.25, and the cost of the two Autos was \$152.44, which is a big saving in favor of the Autos.

The Fire Stations are all in good condition, considering the years of service which they have filled. Minor repairs have been made the past year, and barring accidents, no great amount will be needed, the coming year, to keep them in repair.

The Department has answered eighty-nine Bell, and ninety-three Still alarms, making a total of 182 alarms, which is an increase of forty-five over last year.

The Department has been on duty ninety hours, travelled 288 miles, laid 18,800 feet of hose, used thirty-nine chemical tanks, and 230 pony chemicals.

Value of buildings endangered	\$139,500.00
Insurance on buildings	117,530.00
Insurance paid on buildings	21,169.00
Value of contents	69,000.00
Insurance on contents	49,275.00

For further detail of alarms and work of Department, see record of Clerk of Engineers.

RECOMMENDATIONS.

I recommend the appropriation of \$16,550, and the receipts of the department, for the maintenance of the same for the ensuing year.

A committee having been appointed at the November Town meeting to report on motorizing the Ladder Truck, I think that this matter will be taken care of in the near future.

The Fire Alarm System is in good order, and has given satisfactory service. Owing to the rapid development of sections of the Town, new Fire Alarm boxes are needed, in order to save time in locating the fire. I recommend the placing of ten new boxes in the newer sections of the Town.

The Water Supply has still continued to give us the best of service as in the past. I still recommend the extension of the high service pipes wherever it is practical to do so, as there is no protection better than that given by the high pressure system. The free placing of hydrants is a great saving of hose, and the cost a great deal less. Therefore I recommend the free placing of hydrants wherever new pipes are laid.

The strict enforcement of all building laws, in regard to the prevention of fire, should be well considered and looked after before it is too late; attention at this time may save a great deal of trouble later on.

CONCLUSION.

In closing my report, I respectfully thank your Honorable Board for the courteous manner in which you have received me in my official capacity. I also wish to thank all other officials of the Town who have so willingly given their services when called upon, and to my assistants and other members of the department, my thanks for the able manner in which they have answered all demands made upon them, making the work of the department a credit to the Town, and a pleasure to command.

Respectfully submitted,

WALTER H. PEIRCE,
Chief.

REPORT OF INSPECTOR OF ANIMALS.

ARLINGTON, MASS., January 1, 1915.

To the Selectmen of the Town of Arlington.

Gentlemen: I herein submit my annual report as Inspector of Animals for the year ending December 31, 1914.

During the year there have been two cases of glanders in horses, two cases of rabies in dogs and one case of tuberculosis in a cow. There was an outbreak of hog cholera in one section of the Town including three farms; these farms were quarantined and the hogs treated by the Bureau of Animal Industry with the serum treatment with splendid results. The quarantine has since been lifted.

We have been fortunate in not having had any foot and mouth disease during the present outbreak.

I have inspected fifty stables, one hundred seven cows and about four hundred hogs.

Respectfully submitted,

LAURENCE L. PEIRCE, M.D.V.,
Inspector of Animals.

REPORT OF TOWN PHYSICIAN.

To the Honorable Board of Selectmen of the Town of Arlington:

Gentlemen: I hereby submit a report of the work done in this department for the year ending January 1, 1915:

Number of house calls	78
Number of calls at office	48
Emergency calls to Police Station	42

The work of the Town Physician has somewhat increased during the past year, owing to the lack of employment of many, otherwise able to care for themselves and families.

The excellent facilities for caring for emergency cases at the Symmes Arlington Hospital is of great help and benefit in many serious cases needing immediate attention.

The purchase of a Pulmotor for first aid, in cases of accidental drowning, suffocation from smoke, gas poisoning, etc., is again recommended, and should be a part of the equipment of either the Fire or Police Departments.

Respectfully submitted,

CHARLES A. KEEGAN.

January 23, 1915.

GYPSY AND BROWN-TAIL MOTH DEPARTMENT.

To the Honorable Board of Selectmen:

I herewith submit my report as Superintendent for the Suppression of the Gypsy and Brown-Tail Moth Department for the year ending December 31, 1914.

GYPSY AND BROWN-TAIL MOTHS.

The work of suppressing these moths has been carried on in a vigorous manner the past year, and with very good results. There is a slight infestation scattered in all parts of the Town, but there are only a few large colonies. One of the worst colonies exists on the property of the Metropolitan Water Commission bordering on the Mystic Lake and Mystic Street. Last year the only work done on this property was spraying, which accounts for the conditions which now exist. In order to do effective work and thereby get good results, the winter work of creosoting the nests and cutting off and burning the Brown-Tails must be carefully done, and in the summer spray with arsenate of lead. The Metropolitan Water Commission has promised me that they would do their work this winter, and I look forward to better conditions on this property the coming year.

During the summer a very large amount of dead wood was removed from the trees, the Edison Light Company and the New England Telephone and Telegraph Company bearing part of the expense. This part of the work I consider of the utmost importance, as it not only removes one of the best concealment places for the depositing of the Gypsy nests, but it also relieves the Town of a large amount of damage from falling limbs.

TENT CATERPILLAR.

Much damage has been done, not only in this Town, but throughout the State this year, by this pest, as it was very numerous. In order to check this insect much work must be done this year, such as cutting out wild cherries and worthless under-

growth along roadsides, and in neglected lots, and by spraying early. Many complaints were made this year by persons who mistook this insect for the Brown-Tail Moth. As there was no appropriation for this insect, it was impossible for me to fight it as I wished.

ELM LEAF BEETLE.

This insect appears to be less in evidence than in previous years, and I hope that by spraying the infested trees twice in a season to nearly eliminate this pest.

CONCLUSION.

In conclusion, I wish to call attention to the fact that for creosoting nests, cutting brown-tails, spraying and removing all dead wood from the trees the past year, it cost on an average of sixteen cents per tree. The assessments levied by this department on property owners for work performed on private property amounted to about \$1600 per year, and this money reverts back to the Town Treasury to be used for any purpose to which the Town may vote to apply the same, but no part of such assessments is credited to this department. I would recommend that the sum of \$6500 be appropriated for the use of this department the coming year.

I desire to extend my thanks to your Honorable Board for the confidence they have had in me, to the property owners for their co-operation, and to the employees of this department for the assistance given me in the performance of my duties, for to them belongs much of the credit for the condition of our trees, both on public and private property.

Respectfully submitted,

DANIEL M. DALEY,
Local Superintendent.

For the year ending December 31, 1914, this department expended \$5562.25. During the months of November and December I was obliged to cut the men down to half time to keep within the appropriation. Many complaints were received the past spring on account of the tent caterpillar, and it will be necessary that we do something against this insect this year. It will require the cutting down of wild cherries and worthless underbrush in neglected lots; also that we spray early, and not wait for the elm trees to leaf out, and as the time limit in spraying for this insect is very small, if this work is to be effective I should recommend that we purchase two two-horse power spraying machines, and with these I feel as though I could cover the Town in the allotted time. No small hose was purchased last year, and it will be necessary to buy seven hundred feet of half-inch hose, and three

hundred more feet of one-inch hose. With the extra expense on team hire, and labor in cutting brush, I would recommend that \$6500 be appropriated this year. The following is the manner in which your appropriation was spent last year.

REPORT OF REGISTRARS OF VOTERS.

January 1, 1915.

The Board of Registrars of Voters herewith submit their report for the year ending December 31, 1914.

Fifteen meetings were held during the year, for the purpose of revising the voting list, certifying nomination papers, and registering citizens showing the necessary qualifications.

In the State election of 1914 the Town and the State voted to abolish the enrollment of voters in the several parties. This necessitated an entire revision of the voting list.

The total number of registered voters December 31, 1913, was 2309. During the year 176 names were dropped from the list on account of death or removal from Town. Three hundred and seventy-one names were added at the various meetings as follows:

February 13.....	14
February 18.....	25
February 21.....	43
September 15.....	77
October 16.....	30
October 20.....	45
October 24.....	137
Total.....	— 371

Making the total number of male voters December 31, 1914, 2504

The number of women voters reported December 31, 1913, was 92. During the year 12 names were added, making the women's list December 31, 1914, 104.

The list as revised January 1, 1915, is as follows:

Whole number registered.....	2608
Whole number of men.....	2504

REPORT OF THE TRUSTEES OF THE ROBBINS LIBRARY.

To the Town of Arlington:

The Trustees of the Robbins Library submit their annual report. The circulation shows a gain of 2,028, with a total of 50,599 as compared with 48,571 in 1913. The Children's Room shows a gain of 1,077 with 15,490 as against 14,413 in 1913.

The attendance in the Reading Room shows a gain on week days of 606 — 19,533 as against 18,927 in 1913, but a falling off of 44 on Sundays — 2,100 as against 2,144 in 1913. The daily attendance in the Children's Room has risen from 8,529 in 1913 to 9,836 — a gain of 1,307, with a corresponding gain in Sunday attendance — 1,920 for 1914 as against 1,827 in 1913, a gain of 93.

We note a gain of 1,281 in books taken from the Stack Room — 33,911 in 1914 as against 32,630. The use of periodicals also shows a gain — 3,218 for 1914 as against 2,531 for 1913, a gain of 687. Eight hundred and eight new cards were given out, 75 more than last year, and the largest number yet issued in a single year.

The Postal Reserve system introduced last year has maintained its popularity, 649 persons using it in 1914. The Library has stereopticon views for use of teachers with their pupils on Egypt, England, France, India, Ireland, Italy, Palestine, Switzerland, Washington, D. C., and Yosemite Valley.

Four thousand books and periodicals were loaned from Arlington Heights Branch in 1914, an increase of 697 over last year, in spite of smaller Library facilities at the Heights than formerly. Eleven hundred and ninety-eight books and periodicals were sent from the Centre to the Heights in 1914 as against 1,528 in 1913, a loss of 330. In this connection we might say that there is an increasing demand on the part of citizens at the Eastern end of the Town for as good library facilities as are enjoyed by people at the Heights, but from funds now in hand the Trustees are unable to meet this demand.

The vacation privilege was materially extended this year — from June 1 to October 1 — and more books could be drawn than formerly by each individual — two books of fiction and three of non-fiction, the recent popular books and periodicals being excepted from this rule. Since November 1, however, we have

granted to adults two books of fiction and two of non-fiction instead of one as heretofore. This does not include one-week books or those which are recent and popular.

The Library has been enriched by gifts of books from Mrs. E. C. Turner, Mrs. Marguerite Turner Morra, Mrs. Robert S. Bradley, Marcell N. Smith, Miss H. H. Hesseltine, Dr. C. A. Keegan, Mr. Arthur C. Frost and others.

The editors of the *Advocate* have continued to send us a file of that paper. Exhibitions of photographs, etc., have been given in addition to those reported hitherto.

REPORT OF THE SCHOOL COMMITTEE FOR 1914

To the Inhabitants of the Town of Arlington:

Pursuant to custom and the requirements of the statutes of the Commonwealth, the School Committee hereby submits to the citizens of the Town its report for the year 1914.

Heretofore it has been the custom to print in the annual Town report, in connection with the report of the School Committee, the report of the Superintendent of Schools. This year, the latter report will be omitted from the Town report; but the School Committee, following a precedent of several years' standing, has caused the Superintendent's report to be printed as a separate document, copies of which will be available upon request to citizens of the Town who are sufficiently interested to apply for the same. It is appropriate to remark in this connection that the Superintendent's report this year deals exhaustively with the condition of our schools, academically and otherwise, and contains many suggestions and recommendations which parents and citizens should thoughtfully consider in order that they may have an intelligent appreciation of some of the subjects, policies and standards which are constantly being agitated and established by leading educators for the betterment of school efficiency, and which your committee is called upon to deal with and consider in connection with our own school system.

Because of the completeness of the Superintendent's report, as above stated, nothing more will be attempted here than to briefly place before the citizens a few of the important features connected with the administration of our schools during the past year and the necessity which will confront us in the matter of expenditures and otherwise in the immediate future.

SCHOOL POPULATION AND DISTRIBUTION DURING 1914.

A study of our school statistics for the past ten years will disclose that the school population during that period has increased 54 per cent, the past few years showing the greatest percentage

of increase and the past year being responsible for one-eighth of the entire increase. The total number of pupils enrolled in the schools December 1914 was 2770, while the corresponding enrollment of the preceding year showed 2600, a gain of 170. The December enrollment may be fairly considered to represent the total average membership of the schools, and is considerably less than the total enrollment since September, 1914, the enrollment in the several schools of the Town since September being as follows:

High.....	572
Crosby.....	667
Cutter.....	336
Locke.....	678
Russell.....	482
Parmenter.....	151

A grand total of..... 2886

Every room in every building is now occupied, while an overflow class of twenty-five is occupying the small room designed for a school library in the Locke School, and a similar class is quartered in the library of the Cutter School. This rapid increase in the school population has compelled in the High School a resort to double sessions, the Freshman class in that school being compelled to attend in the afternoon from 12 to 4, a condition to be tolerated only because of absolute necessity. It is reasonable to assume that three, possibly four rooms will be necessary to care for the growth in the grammar schools next September, and if no additional accommodations were in sight, it would be necessary to place several rooms on part time. Such an arrangement would be most unfortunate, but probably will not be experienced, as the building committee of the new High School assures us that unless unforeseen conditions arise the new building will be ready for occupancy in September. This assurance seems reasonable if the rapid progress already made in the construction of this building is maintained. With the completion of the new High School building, the present building will be made available for grammar school pupils and relieve the congestion in the elementary grades by at least eleven rooms, apportioned as fol-

lows: Crosby 3, Russell 3, Cutter 1 and Locke 4. This relief will probably postpone the necessity for additional grammar school accommodations for a period of possibly five years.

EVENING SCHOOLS.

During the past ten years considerable legislation has been passed relating to the maintenance of Evening Schools, and among other enactments a law requiring cities or towns having a population of 10,000 or over, to maintain such schools. Until 1914, Arlington was able to postpone the establishment of an Evening School, but during the year the demand for such a school became so imperative that the School Committee authorized the Superintendent to ascertain the probable number that would attend if an Evening School were established. Accordingly, after notice, a meeting was held on October 8, and 71 persons signed an agreement to attend if a school was opened. The School Committee thereupon voted to establish an Evening School, to be held in the High School building on Monday, Wednesday and Thursday evenings from 7:30 to 9:30 o'clock. On November 3, classes were organized for illiterates and non-English speaking foreigners, for those desiring to take Civil Service examinations, also classes in Bookkeeping, Penmanship, Typewriting, and Stenography. The attendance fully warranted the establishment of the school, a maximum number of 150 students being enrolled and an average attendance of 112 being maintained to December 31, 1914. The conscientious and earnest work of these students fully justified the establishment of the school even if it were not required by law.

VACATION SCHOOLS.

As has been the custom during the past four summers, vacation schools were maintained for five weeks in the Russell, Crosby and Locke Schools, beginning July 6, 1914. To dwell upon the work accomplished and the benefits resulting to grade pupils attending these schools would be but to repeat what has been stated in previous reports regarding the usefulness of the vacation school; nevertheless additional benefit could doubtless be derived therefrom if a class for High School pupils who had failed in some subjects could be organized next summer. Doubtless many failures could thereby be made into successes, and pupils

who leave school now because of discouraging conditions would remain to graduate.

JUNIOR HIGH OR INTERMEDIATE SCHOOL.

The probability that the new High School building being erected on the Schouler Court site will be finished in season for occupancy at the beginning of the school year in September brings us to a consideration of how best to utilize the present High School building. That the present building must be used to relieve the congestion in the grammar grades is inevitable, but how that use may be best availed of is another question. Doubtless the problem will be solved for the present at least, by the establishment of a Junior High School, that is, a school where all the eighth and ninth grades in the Town can be segregated. The drawbacks attending such an arrangement are to be found principally in the fact that many pupils of these grades will be compelled to travel considerable distances to reach the school, and this, of course, will entail some hardship upon those pupils living at the extremities of the town. The School Committee believes, however, that these pupils are of a sufficient age to travel the distances with safety and without detriment to their physical well-being, and that the advantages to be derived from attendance at such a school are:

First. That better teaching will result from departmental organization, each teacher being required to teach one or at most two subjects, thereby becoming an expert therein, instead of being compelled as at present to spread herself over a variety of subjects with the result of decreased efficiency in each.

Second. That a better articulation with the High School will be possible.

Third. That a better grouping of pupils according to ability can be secured.

Fourth. That it will be more economical, inasmuch as it will be necessary to equip but one or two rooms with maps, reference books and other apparatus for the teaching of a subject whereas at the present time a duplication of equipment for the teaching of all subjects is found in each building wherever these grades are assembled.

Fifth. Modern languages could be begun at the age of twelve, instead of two or three years later as at present, an undertaking which is without a doubt to be recommended.

For a more complete discussion of the advantages to be derived from the establishment of such an Intermediate or Junior High School, those interested are referred to the Superintendent's report, where this subject is carefully treated.

EXPENDITURES AND APPROPRIATIONS.

The rapid and steady increase in our school population, already referred to, has called for the appropriation each year of a sum considerably in excess of the amount appropriated the preceding year, the school appropriation being by far the largest item of expense borne by the Town. Nevertheless, the readiness of the citizens of the Town to annually vote the appropriation requested is a gratifying testimonial to that spirit which has always actuated our citizens in their determination that Arlington shall not lag in those essentials necessary to its existence as one of the ideal communities of the Commonwealth.

The appropriation for the maintenance of schools and the upkeep of school buildings for 1914 was \$90,850.00; of this sum the amount required for teachers' salaries alone amounted to \$76,231.97, the balance of the appropriation being required to meet the cost of fuel, books and supplies, furnishings, apparatus, and other expenses, including tuition. By careful management your committee has been able to live within the appropriation. It is inevitable, however, that a still further material increase in the appropriation will be necessary this year, due in part to the increase in the number of pupils which we must always anticipate and provide for and which will necessitate in the grades the employment of at least three additional teachers, including one principal for the present High School building, and assistants in the Manual Training, Drawing and other departments, in part to the additional expenses incident to the opening of the new High School and the maintenance of the building, calling for at least two additional High School teachers, the employment of an extra janitor and such other expenses as may be incident to the establishment of new courses. In addition to these increased expenditures, we are faced with the further fact that the maximum salaries of our

grade teachers must be advanced if we are to hold and maintain the present standard of efficiency in our schools. During the fall a committee composed of one representative from each grade in the several schools of the Town, waited upon each member of the Committee and presented facts and figures which compelled your Committee to consider favorably an increase in the maximum salaries of these teachers. Their case was well presented in a petition filed with the School Committee, and signed by fifty teachers. The petition reads as follows:

“We, the teachers of Arlington, request that the maximum salary be increased for the following reasons:

“1. Salaries have not kept pace with the increased cost of living. Since receiving our last increase, board has advanced from one to two dollars a week in Arlington and those forced to pay board during the summer find the rates are much higher in other places than in times past.

“2. The Teachers’ Retirement Fund, while it provides for the future, reduces our present income. Five per cent of our salary is now deducted, while the rate may be increased legally to seven per cent.

“3. The adjoining cities and towns, with two exceptions, pay larger salaries than Arlington.

	I-VI.	VII-VIII.	IX.
Belmont,	\$700	\$700	
Lexington,	700	700	
Winchester,	750	800	
Medford,	750	800	
Somerville,	800	800	\$800
Cambridge,	1008	1068	

“4. The fact that we have to compete in every way with cities and towns of the Metropolitan District, in most of which larger salaries are paid:

	I-VI.	VII-VIII.	IX.
Malden,	\$750	\$775	
Chelsea,	800	850	
Everett,	700	800	\$800
Watertown,	700	750	
Newton,	1050	1050	
Brookline,	900	1000	1000

"5. A larger maximum would attract and hold the best teachers. There are twenty-three new teachers in Town this year. It is apparent that the standard of the schools cannot be kept up with one-fourth of the teaching force new to the work each year.

"6. The good effect on the school resulting from the teacher's ability to work with a contented mind, because freed from nervous anxiety about the necessities of life, and some adequate provision for old age. Under the most favorable conditions some teachers can save a little, many are unable to save anything.

"7. It is acknowledged, and we are proud of the fact, that our schools rank very high. Maintaining this high standard necessitates great strain mentally and physically. This can only be offset by proper rest and recreation during vacations, which, with our present salary we feel we cannot afford to take.

"Therefore we, the undersigned, respectfully request that the maximum salary be increased to \$800, beginning January 1, 1915."

In order that there may be no deterioration in the quality and high standing of our school system, and to provide for the additional expenses due to the necessities above enumerated, your committee believes that an appropriation of not less than \$97,000 will be required for the year 1915. While this may seem large, it will not exceed the annual increase of the school appropriation by more than \$2000, and it is difficult to see how a smaller appropriation will be at all adequate.

REPAIRS OF BUILDINGS AND CARE OF SCHOOL PROPERTY.

Previous reports of your Committee have called attention to the fact that the six school buildings in the Town alone represent an investment of more than \$400,000, while the annual appropriation for the repairs of school buildings has been for many years, until the year 1914, \$1000, the appropriation for that purpose in 1914 being \$1200. This sum must appeal to every citizen at all conversant with the care of buildings as totally inadequate to provide for the natural deterioration of so much property, which deterioration is materially increased by the wear and tear incident to the use to which they are devoted, to wit: the accommodation of nearly 3000 school children. It seems to your Committee that too much emphasis cannot be laid upon the

necessity of increasing the appropriation to be used for this purpose.

GENERAL CONDITIONS.

In closing, your Committee desires to emphasize its conviction that, notwithstanding the fact that certain causes, such as double sessions and the employment of a large contingent of new teachers have operated to a certain extent disadvantageously to the schools, nevertheless the general tone and quality of the schools have not been impaired. That this is due largely to the high ideals and untiring devotion which animates principals and teachers alike cannot be gainsaid. It is a fact that our schools occupy a position and standing among the schools of the State of which we may justly be proud, and this position having been attained only at the price of ceaseless endeavor on the part of those directly responsible for the condition of the schools, it is the abounding duty and privilege of citizens and school authorities alike to urge and insist that the well-merited reputation of the schools of Arlington shall continue and endure.

Respectfully submitted,

ALTON F. TUPPER,

Chairman of School Committee.

REPORT OF THE BOARD OF HEALTH.

The Board of Health respectfully submits the following report for the year ending December 31, 1914.

The Board, consisting of Dr. Laurence L. Peirce, Dr. Guy E. Sanger and Alfred H. Knowles, held its first meeting March 16, 1914, at which time Mr. Knowles having been re-elected for a term of three years, was sworn to the faithful performance of his duties by the Town Clerk.

The Board were of the opinion that a permanent clerk should be appointed who should be on duty during business hours. The Town Clerk who had performed the duties of clerk for the past three years resigned at this time, and John E. Robinson was appointed Clerk.

Dr. Peirce was re-elected Chairman.

The sanitary condition of the Town is as good, if not somewhat better, than for many years, all complaints being thoroughly investigated and adjusted.

We respectfully submit for your consideration the following reports of the various branches of this department.

BACTERIOLOGICAL DEPARTMENT.

This important adjunct to the Town has continued to demonstrate its value during the past year.

On June 1, 1914, Dr. Merrill E. Champion resigned his position as Bacteriologist and Physician to the Board. Dr. Champion had always been conscientious and efficient in his work, and the Board accepted his resignation with regret. On June 22, 1914, Dr. Ezekiel Pratt was appointed to the above position and has rendered very efficient services.

Specimens will be received at the laboratory at the Town Hall daily, at any time, and they will be examined and reported upon the morning following their reception.

Outfits for specimens to be examined for tuberculosis, diphtheria, and typhoid fever; and diphtheria anti-toxin, vaccine lymph and

nitrate of silver solution may be obtained at the laboratory and at the following places:

Perham's Pharmacy, Arlington Center; Emus Pharmacy, Arlington Heights; Angus Pharmacy, corner Winter Street and Massachusetts Avenue.

After the specimen is collected it must be taken to the laboratory at the Town Hall. For further detail in regard to the laboratory, see report of Dr. Pratt.

BOARD OF INFANTS.

Six parties, whose applications were first approved by this Board, have been licensed by the State Board of Charity to board infants in this Town, under the provisions of Chapter 83 of the Revised Laws of 1902. There are still, however, numerous parties in the Town who are boarding one infant, thereby under the present law, avoiding the necessity of local inspection as to Sanitary arrangements. This matter is being investigated by the State Board of Charity.

PERMITS.

The record of permits to keep cows, swine, goats and hens, and to collect grease is as follows:

Cows: Twelve applications were received for permits to keep fifty-six cows, all of which were granted.

Hens: Two hundred and fourteen applications for permits to keep 9312 hens were received, all of which were granted after hearings in several cases.

Ducks: Eight applications were received for permits to keep 101 ducks, all of which were granted.

Swine: Seven applications were received for permits to keep 222 swine, all of which were granted.

Grease: Four applications were received for permits for four teams to collect grease. Four permits were granted. The fee is two dollars for each team.

One hundred and three permits were also issued at this office to haul offal through the streets of the Town.

CONTAGIOUS DISEASES.

On May 6, 1914, this Board adjudged the following list of diseases as dangerous to the public health and also adopted the fol-

lowing quarantine rules relative to persons suffering with contagious or infectious diseases:

Diseases adjudged dangerous to the public health. It is adjudged that the diseases known as actinomycosis, anterior poliomyelitis, Asiatic cholera, cerebro-spinal meningitis, diphtheria, glanders, leprosy, malignant pustule, measles, German measles, ophthalmia neonatorum, plague, pellagra, scarlet fever, smallpox, tetanus, trachoma, trichinosis, tuberculosis, typhoid fever, typhus fever, varicella, whooping cough, yellow fever, erysipelas, pneumonia, rabies, tonsillitis*, and mumps*, those marked by star being designated by local regulation, are infectious or contagious and are dangerous to the public health and safety, and may be contracted from persons or apartments, or at funerals of persons dying from these diseases, and that the following provisions of this Chapter are necessary for the public health and safety in regard to said diseases.

QUARANTINE OF PERSONS SUFFERING WITH CONTAGIOUS OR INFECTIOUS DISEASES, OR THOSE EXPOSED TO SUCH DISEASES.

DIPHTHERIA. *Patient:* Until nose and throat are clear and two successive cultures at three (3) day intervals have been obtained from both nose and throat; the last culture to be taken by some person designated by the Board of Health. *Other children:* Until one (1) week has elapsed since last exposure, unless immunized by anti-toxin, and after two (2) successive negative cultures from both nose and throat. *Other members of family:* May attend to business after one (1) negative culture, unless engaged in the handling of food.

SCARLET FEVER. *Patient:* Quarantined for a minimum period of five (5) weeks; and thereafter during persistence of lesions of nose, throat, ears or skin. *Other children:* Until one (1) week has elapsed since last exposure, unless immunized by previous attack of the disease. *Other members of family:* May attend to business, unless engaged in the handling of food.

MEASLES. *Patient:* Quarantined until ten (10) days have elapsed since beginning of eruption. *Other children:* Excluded from school for two (2) weeks from date of last exposure, unless previously immunized by an attack of the disease. *Other members of family:* Allowed to attend to business.

GERMAN MEASLES. *Patient*: Isolated for seven (7) days after appearance of eruption. *Other children*: Not excluded from school. *Other members of family*: May attend to business.

CHICKEN-POX. *Patient*: Shall be isolated during presence of skin or mouth lesions. *Other children*: Excluded for three (3) weeks after last exposure to the disease unless immunized by previous attack of the disease. *Other members of family*: May attend to business.

WHOOPING COUGH. *Patient*: Shall be isolated for a minimum period of three (3) weeks and thereafter as long as the paroxysmal stage persists. *Other children*: Excluded from school until two (2) weeks have elapsed since last exposure unless immunized by previous attack of the disease. *Other members of family*: May attend to business.

MUMPS. *Patient*: Isolated for three (3) weeks. *Other children*: Excluded from school for two (2) weeks from last exposure unless previously immunized by an attack of the disease. *Other members of family*: May attend to business.

TYPHOID FEVER. *Patient*: Isolated until recovery and until urine and feces are free from bacilli. *Other children*: Excluded from school for two (2) weeks from last exposure unless immunized by previous attack or by typhoid vaccine. *Other members of family*: May continue at their usual occupations except those engaged in handling food.

OPHTHALMIA. *Patient*: Isolated until purulent discharge has disappeared and two (2) successive cultures negative for gonococci at twenty-four (24) hours' interval have been obtained.

The care of contagious diseases occurring in this Town is fast becoming a serious problem. The cost for the care of these cases during the past year was \$2582.04 as compared with \$950 for the previous year. All cases from this Town are sent to the Somerville Contagious Hospital. The cost of the treatment of these diseases is a difficult one to determine and to estimate and on account of the above fact and with last year's expenditures as a criterion this Board are strongly of the opinion that a contagious disease account be established against which all such charges should be entered.

COLLECTION OF ASHES AND OFFAL.

On January 1, 1914, the Board of Health assumed charge of the collection of ashes and offal and appointed William H. Bradley as Superintendent.

During the past year, under the direction of Mr. Bradley, the work of this department has been carried on at a reduction in cost and an increase in efficiency to the Town.

The present equipment of the department consists of one double and three single offal wagons; one double and two single ash carts, and one paper wagon. Men and horses are furnished by the Highway Division. The cost of horse hire for the past year was reduced from \$1.75 per day to \$1.55 per day, making a reduction for the year of \$375, thus allowing the department the above amount extra for working capital over the preceding year.

During the year there have been collected and hauled to the various dumps 4260 single cart loads of ashes. With very few exceptions the collections have been made on the designated days and very few complaints have been received relative to this part of the work.

Late in the season the privilege of collecting junk from the dumps was awarded to a contractor in consideration for the leveling off and keeping same in proper condition. This arrangement makes a net saving to the Town of approximately \$500 per year. The location of the dumps enters largely into the cost of collecting the ashes and while the dumps at the present time are as centrally located as possible, the same will not be true in the near future.

During the past year 942 wagon loads of paper and other refuse matter were collected. The expense of this collection would be materially decreased if householders and others would conform to the rule of the department which is that all paper and other combustible matter be tied in compact bundles, which would facilitate the handling of such matter.

In the collection of offal, more or less complaints are received, some reasonable, others unreasonable, and still others unavoidable without incurring considerable additional expense to the department. To meet emergencies occasioned by holidays or extra heavy collections, another wagon is needed.

A new contract was entered into this year for the sale of the

offal, the contract price being \$1260 per annum as compared with \$950 under the previous contract.

Below is given a classified table of the different features of the work together with the cost thereof:

REPORT OF THE BACTERIOLOGIST AND PHYSICIAN
TO THE BOARD OF HEALTH.

Board of Health, Arlington, Mass.

Gentlemen: I have the honor to submit my report as Bacteriologist and Physician to the Board of Health covering the period from July 1, 1914 to December 31, 1914.

It has been quite easy to continue the work so ably organized and systematized by Dr. Champion. The routine bacteriological work has been continued and many other examinations outside the regular work have gladly been made. Two sub-stations for distributing specimen material have been started, one at the Angus Pharmacy at East Arlington, and one at the Emus Pharmacy at Arlington Heights.

The following table shows the number of examinations during the period covered by this report.

	<i>Total</i>	<i>Pos.</i>	<i>Neg.</i>	<i>For Diag.</i>	<i>For Release</i>
Diphtheria	43	5	38	31	12
Typhoid Fever	21	3	18		
Malaria	5	0	5		
Tuberculosis	25	7	18		
For Gonococci	8	3	5		

In pursuance of the duties of Physician to the Board of Health I have first, investigated all the reported cases of tuberculosis in the Town and in conjunction with the Clerk, Mr. Robinson, placed all those in Sanatoria possible. All cases of scarlet fever are seen before discharge and the record culture necessary for the release of cases of diphtheria is taken by me. Investigation into questionable quarantine is carried out and other duties along this line are undertaken with the idea of enforcing and teaching the importance of public health measures.

Respectfully submitted,

EZEKIEL PRATT, M.D.,
Bacteriologist and Physician to the Board of Health.

February 1, 1915.

Applications have been received and permits granted for the placing of 1656 new plumbing fixtures classified as follows:

Water closets	363
Sinks	335
Lavatories	330
Baths	319
Wash trays	308
Urinals	1

Inspections have been made whenever called for by the Board and complaints investigated and reports made.

Respectfully submitted,
GEORGE W. DAY, *Inspector of Plumbing.*

Fifteen (15) cases of tuberculosis requiring the fumigation of thirty-two (32) rooms.

One (1) case of infantile paralysis requiring the fumigation of one (1) room.

REPORT OF INSPECTOR OF MILK.

To the Board of Health, Arlington, Mass.

Gentlemen: I herein submit my annual report as Milk Inspector for the year ending December 31, 1914.

The milk supply of the Town is derived from about five thousand dairies from all the New England States, New York, and some of our cream even from Canada. Our supply of freshest milk comes from about ninety local dairies and is handled by our local dealers, the milk coming from longer distances being handled by the larger companies such as the H. P. Hood Company and the D. Whiting and Sons.

I have licensed eighty-two dealers to sell milk in Arlington and have turned over forty-one (\$41.00) dollars to the Collector in license fees.

During the year a new set of Milk Regulations has been adopted to govern the handling of milk in the Town. There has been special apparatus installed for the detection of streptococci and pus in milk and by this means milk which to the eye may look perfectly good may be proven to be unsafe for food.

I have examined a large number of samples for standard, adulteration and the presence of harmful bacteria. One dealer has been prosecuted for the sale of milk adulterated by the addition of water.

On the whole, in my opinion, Arlington has a very good supply of milk handled by dealers who are constantly trying to improve their methods.

Respectfully submitted,

LAURENCE L. PEIRCE, M.D.V.,
Inspector of Milk.

REPORT OF THE INSPECTOR OF SLAUGHTERING.

ARLINGTON, February 1, 1915.

To the Board of Health, Arlington, Mass.

Gentlemen: I herewith submit my report as Inspector of Slaughtering for the year ending December 31, 1914.

Animals inspected according to B. A. I. rules and regulations.

License to slaughter was granted to Frank Bowman & Son.

Owing to the occurrence of the Foot and Mouth disease, the total number of animals slaughtered is less than in the previous year.

Number of calves inspected	1800
Number of pigs inspected	15
Number of sheep inspected	10

Total	1825
Number passed inspection	1801
Number rejected, 24, due to lack of age, weight and diseased condition.	

Respectfully submitted,

W. T. McCARTY, V.S.,
Inspector of Slaughtering.

REPORT OF INSPECTOR OF MARKETS.

ARLINGTON, February 1, 1915.

To the Board of Health, Arlington, Mass.

Gentlemen: I herewith submit to you my report as Inspector of Markets for the year ending December 31, 1914.

Markets were inspected at frequent intervals and when any defects were discovered the owners were immediately notified and the conditions remedied.

As a general rule, the condition of the markets at the present time is exceptionally good.

Respectfully submitted,

W. T. McCARTY, V.S.,
Inspector of Markets.

REPORT OF COMMISSIONERS OF CEMETERIES, ROBBINS FUND, SOLDIERS' MONUMENT FUND AND SAMUEL G. BUCKNAM FUND.

ARLINGTON, February 1, 1915.

The Commissioners of Cemeteries, Soldiers' Monument Fund, Robbins Fund and Samuel C. Bucknam Fund herewith submit their report for the year ending December 31, 1914.

The large increase in the number of lots and single graves sold during the year will probably necessitate more help and consequently a larger appropriation to properly care for the cemetery.

During the year, as will be seen from the tables annexed, 24 lots and 45 single graves were sold, and the sum of \$2525 turned into the Town Treasury and made available by transfer to other accounts. With the appropriation last year of only \$1760 it will be seen that the care of the cemetery is not only not a tax on the citizens of the Town, but a source of revenue, \$765 being paid back over the amount appropriated.

REPORT OF THE JOINT BOARD OF SELECTMEN AND BOARD OF PUBLIC WORKS.

The Joint Board of Selectmen and Board of Public Works herewith present to the citizens of the Town the eleventh annual report of the Board for the year ending December 31, 1914.

The Board met on the evening of March 2, 1914, all the members of the Board of Public Works having been re-elected, and Messrs. Frank V. Noyes, Thomas J. Donnelly and Willis P. Howard having been elected the Board of Selectmen. The Board organized as follows:

Chairman, Frank V. Noyes; Clerk, Thomas J. Robinson.

The Board meets in the office of the Selectmen every Monday evening at eight o'clock.

The Joint Board is composed of the three members of the Board of Selectmen and the three members of the Board of Public Works. The duties and powers of the Board are indicated by Section 5 of Chapter 3 of the Acts of 1904, creating the Board, and of which the following is a copy:

"SECTION 5. Upon the election of said Board of Public Works all the powers, rights, duties and liabilities of the Selectmen in said Town, now existing or hereafter created by law, relating to highways, Town ways, the laying out and discontinuance of ways, bridges, sidewalks, guide posts, monuments at the termini and angles of roads, public squares, playgrounds, shade trees, sewers, drains, street watering, street lighting, the assessment of damages and betterments, water pipes, gas pipes, conduits, poles, wires, street railways, the granting of locations, rights or licenses for structures upon, under or over highways, or other ways, shall be exercised, enjoyed, performed and incurred by a Board consisting of the Selectmen and the Board of Public Works created by this Act, sitting jointly as the Board of Survey."

The Act establishing this Board was accepted by the Town February 8, 1904, and the operation of the Board appears to have given general satisfaction.

POLICY OF THE BOARD.

The following votes indicating the policy of the Board have been passed:

(a) *Width of Streets.* At a meeting held October 14, 1907, it was

Voted, That it was the sense of the Board of Survey not to approve of plans for the laying out or construction of streets less than forty feet wide.

(b) *Crosswalks.* At a meeting held October 28, 1907, it was

Voted, That whenever a sidewalk is changed by the construction of a new street the sidewalk, including the new crosswalk, must be relaid in as good and permanent a form as before the change, the cost to be a charge against the party constructing the street. In case the Town desires a higher cost walk than existed before the change was made the additional cost must be made by the Town in case of permanent sidewalks only.

(c) *Rough Grading of Private Streets.* At a meeting held December 9, 1907, it was

Voted, That after January 1, 1908, no water or sewer pipes shall be laid in streets approved by the Board of Survey until such streets, including sidewalks, have been brought to subgrade satisfactory to the Town Engineer.

(d) Voted, That all new permanent sidewalks laid in Massachusetts Avenue and Broadway shall be of brick.

(e) Voted, That no granolithic sidewalks be laid on streets where the grade exceeds five (5) per cent.

APPOINTMENTS.

The following appointments were made by the Board for the year ending April 1, 1915:

Town Counsel, Philip A. Hendrick; Superintendent of Public Works, Herbert S. Clark; Town Engineer, George E. Ahern; Superintendent of Wires, Reuben W. LeBaron.

DEVELOPMENT OF NEW TERRITORY AND LAYING OUT OF NEW STREETS.

Continuing the policy of this and previous Boards in the development of new territory for residential purposes the Board has approved only such plans and layouts as will serve the

interests of all the Town, and have insisted that all such plans and layouts conform to the requirements of the Board of Survey Act.

The development of land and laying out of new streets is a problem that the Board has very carefully considered, as the remaining undeveloped land in our Town is none too large in extent, and the improvements made should be with the double purpose in view of beautifying our Town, and not adding materially to the cost of construction and maintenance. The number of new streets accepted by the Town has been greater than in previous years, but in practically every case these streets have been very largely built upon and the Town has already derived revenue from the taxes levied on the property.

During the year the Board has laid out as public ways and recommended to the Town for acceptance the following streets:

Millet Street Extension; Summer Street Extension; Windsor Street, 576 feet northeasterly from Massachusetts Avenue.

For plans approved and streets constructed, see report of Town Engineer.

STREET CAR TRAFFIC.

The street car traffic has been more satisfactory from the standpoint of operating and avoidance of congestion and annoyance than for a number of years. The congestion at Arlington Center, so often complained of in the past, has been entirely remedied, and the Medford Hillside cars are now the only cars to shift, and this shifting is done on Massachusetts Avenue, near Medford Street, and the cars are supposed to return immediately, thus avoiding any stopping of cars on Massachusetts Avenue. The Board has received some complaints, particularly from the citizens residing in the east section of the Town, on account of the accommodations between Harvard Square and that section of the Town, on both inbound and outbound cars. The Board has taken this matter up with the officials of the Boston Elevated Railway Company, and a number of conferences have been held. The matter is now under consideration, looking toward a solution of the difficulty, that will eventually give all our citizens the best possible service, without returning to the old method of congesting our streets by allowing street cars to stand therein. It is

hoped that this new plan will be in operation in the early spring of 1915.

STREET LIGHTING.

The proper lighting of our streets within the appropriation allowed by the Town, is a proposition with which the Board must contend, and which the average citizen does not realize when making the appropriation and voting for the acceptance of new streets. It should be borne in mind that such acceptance means that the Town must light these streets necessitating a larger appropriation each year for street lighting. During the year twenty-seven 40 c. p., one 100 c. p. and two arc lights were installed on the streets as ordered by the Board. Four 40 c. p. incandescents and two arc lights were removed, leaving the total number of lights installed during the year twenty-four, as against sixteen for the year 1913.

The Superintendent of Wires reports on all applications received by the Board, after investigating the matter and determining whether a light should be installed or the location of the existing lights changed.

The total number of lights in service on December 31, 1914, is as follows:

Incandescent lights, 40 c. p.	328
Incandescent lights, 60 c. p.	14
Incandescent lights, 80 c. p.	4
Incandescent lights, 100 c. p.	2
Incandescent lights, 120 c. p., all night	7
Arc lights, 425 watts	78
	<hr/>
Total	433

ORNAMENTAL STREET LIGHTS.

Thirty-four 60 watt burning until 12 p.m.

Four 100 watt burning all night.

The appropriation of 1914 was \$11,000 and the amount expended was \$10,979.23.

There seems to be a growing demand on the part of our citizens that our street lights should be burned all night. If the Town votes to do this an additional appropriation of about \$2,400 will be necessary.

WIDENING OF MASSACHUSETTS AVENUE.

In accordance with the report of last year, relative to the widening of Massachusetts Avenue, between Water Street and Central Street, the Board petitioned the County Commissioners, as ordered by vote of the Town, for a relocation of Massachusetts Avenue, between these points. Hearings were given and the matter taken under advisement by the Commissioners. While a difference of opinion existed as to whether the widening should be five or ten feet, the Board has been unofficially informed that the Commissioners have decided upon a ten-foot widening. The decree has not, however, as yet been received. If this ten-foot widening is decreed, an appropriation will be necessary to carry out the work.

PERMANENT SIDEWALKS.

The amount appropriated for the construction of permanent sidewalks for the year was \$4000, part of which sum was for extensions carried out under the Sidewalk Act, Section 43 of Chapter 49 of the Revised Laws. This is the same amount which was appropriated in 1913, and some applications where the sidewalks were necessary the Board were unable to grant, owing to the insufficiency of the appropriation. With the large number of new streets to be voted on by the Town the coming year, and the certainty of applications being received from residents of these streets, it would seem that the appropriation for 1915 would need to be much larger than this year. The policy of the Board has been to install permanent sidewalks whenever petitioned for when the appropriation made for the purpose will allow.

CONGESTION OF CARS AT ARLINGTON HEIGHTS.

Owing to the fact that the conditions reported last year, of the congestion of Massachusetts Avenue at Arlington Heights, due to the interchange of passengers by the Boston Elevated Railway Company and the Lexington & Boston Railway Company had not been improved, the Board appeared before the Public Service Commission, at a hearing assigned, and at which both companies were represented. After full consideration of the matter an arrangement was made by which the Boston Elevated Railway Company was to furnish one of their own special police officers and the Lexington & Boston Company was to employ and pay

for one of the Arlington police officers, both to be stationed at the Arlington Heights Car Barns, to regulate traffic.

SUMMER STREET EXTENSION.

During the year the matter of Summer Street Extension has been considered and many conferences held, both with the citizens of this Town and the officials of adjoining towns, looking toward the extension of this street from Medford Street to the Lexington line. In the latter part of the year the matter was brought before the Town and an appropriation was made of \$10,700 for land takings for this purpose. Part of these takings were made by the Park Commissioners of the land known as the Russell Estate on Mystic Street, and the contiguous land to Mystic Street. The officials of the towns lying north of us are working in conjunction with this Board to bring about the establishment of this extension, which would mean the making of a State highway of Summer Street Extension, which, connecting with Maple Street in Lexington and a Parkway from Medford Street to Mystic Street will give a continuous automobile road from Concord and beyond to Boston.

The Board has been in conference with the Town Counsel, the Representative from this District and the officials of other towns, and bills have been drawn to be presented to the incoming Legislature, asking for an appropriation to either the Highway Commission or the Metropolitan Park Commission, for the construction of the Parkway.

While the Board hopes for favorable action by the Legislature on these bills, the financial condition of the State is such that there is some doubt whether the petitions will be granted this term.

TOWN ENGINEER'S REPORT.

To the Joint Board of Selectmen and Board of Public Works:

Gentlemen: The report of the Engineering Department for the year ending December 31, 1914, is hereby respectfully submitted.

The work of the Engineering Department consists in furnishing all the Town departments and committees with such information, plans, designs, estimates and data of an engineering nature as they may require on work being done or contemplated; also keeping careful notes, measurements and locations of new work, additions, changes and extensions, as they may occur, and properly recording the same for future reference by maps, plans or profiles.

In addition there has been a large amount of general work performed for boards and individuals. All engineering expense is charged to the department or board for which work was done and is classified as follows:

Highway Division: Comprising plans, estimates, titles, profiles, lines and grades, and all other engineering work relating to the department,	\$795.08
Sewer Division: Comprising surveys, estimates, profiles, lines, grades, titles, plans, assessments and all engineering work relating to sewers,	252.99
Water Division: Comprising lines, grades, locations, and plans of mains, gates, hydrants and services, and other matters relating to the water department,	436.58
Sidewalks: Comprising profiles, lines, grades, measurements, costs and assessments,	48.18
Topographical Surveys: Comprising Summer Street Extension surveys, taking plans and estimates,	922.45
New High School Site: Comprising grading plans, etc.	11.50
Assessors trinagulation survey and land plans,	261.92
Board of Survey: Comprising plans, etc.,	212.21

Six streets have been constructed under the Street Betterment Act during the year, namely: Davis Avenue, Harlow Street,

from Massachusetts Avenue to Raleigh Street; Everett Street, from Massachusetts Avenue to Broadway; Grafton Street, from Massachusetts Avenue to Raleigh Street; Trowbridge Street, from Massachusetts Avenue to Waldo Road, and Varnum Street, a total length of 4873 feet at a total cost of \$7997.39.

Lines and grades were given for these streets and stone bounds set at all the corners to define and preserve the true lines. Circular curb stones were set at all the corners of these new streets.

A storm drain 430 feet in length was laid, and two catch basins built in Harlow Street and connected with the Massachusetts Avenue main drain.

During the year a total length of 5358 feet of new main sewers were constructed and 152 connections were made.

Sewer assessment surveys of the 1914 work are all completed and all house connections located and shown on plans.

Lines and grades have been given for laying 8315 feet of water mains, and record plans made showing the location of new mains, hydrants, gates, etc., laid during the year.

A survey and plan were made showing land taken for the extension of Millett Street from Rockland Avenue easterly to the land of the Symmes' Arlington Hospital, and stone bounds set to permanently mark the land taken.

A careful survey and study were made of Summer Street Extension, from the junction of Summer Street and Brattle Street to the Lexington town line, and to Lowell Street in Lexington. Various routes were studied with the purpose of securing one that would be most economical to build, of easy grades and best develop the territory through which it passes. The route which was found to fulfill these conditions and adopted by the Board of Survey, and later accepted by the Town, begins at the junction of Brattle Street and Summer Street, thence through land owned by Thomas Kenney, Patrick F. Toye, heirs of Thomas Tierney, David Irwin, Neil McIntosh, Jr., and heirs of Edwin S. Farmer, to Forest Street at a point nearly opposite Bow Street. From Forest Street it passes through the land of Jennie M. Varney and others, north of Crescent Hill, and follows the lines of the old turnpike to the junction of Jefferson Avenue and the Lexington boundary line.

The lines of Summer Street, from Mystic Street to Brattle

street, and its extension to the Lexington boundary were definitely fixed on the ground by setting stone bounds at all angles and curves in the lines. This work required the setting of sixty-two (62) stone bounds. Plans showing the land to be taken for this street are completed and signed by the Board and are soon to be recorded at the Registry of Deeds and the land taken as authorized by vote of the Town.

A complete triangulation survey has been made of the Town, based on and connected with the State's system. This survey is the basis for making accurate surveys and plans for the Assessors Block System. We now have 105 permanent triangulation points, mostly stone bounds at street corners in all parts of the Town, and future surveys for all departments are to be made on this system so that in time a precise map of the Town will be obtained.

The true Town boundary line between Winchester and Arlington has been accurately fixed by setting stone bounds at all the intersecting streets, and a plan made showing their location. This department did the work and one-half the expense was borne by the Town of Winchester.

For the Park Department surveys and plans were made of land owned by Mary Lowe, Benjamin F. Russell heirs, and George H. Russell. This land was acquired by the Park Commissioners for park purposes as authorized by vote of the Town Meeting held September 18, 1914.

Plans of Edmund Road, Mountain Avenue, Newland Road, Overlook Road, Peter Tufts Road, Pheasant Avenue, Ronald Road, Summer Street Extension and Washington Street Extension were verified by this department and approved by the Board of Survey, after stone bounds had been set in accordance with the data shown on the plans.

Street numbering plans of all new streets have been made, all new buildings located and correct numbers assigned to them.

Lines and grades were set for the new High School building and a grading plan for the lot is about completed.

As ordered by the Board of Survey a study and plan were made of Washington Street Extension from Brattle Lane to Turkey Hill, and a portion of this street was built in conformity with

this plan on Arlington Terrace, on land which was formerly owned by the heirs of Edwin S. Farmer.

Plans were made and hearings given by the County Commissioners for widening Massachusetts Avenue ten feet on its northerly side, from Water Street to Central Street. This will provide a street eighty-five feet wide in the business section of the Town and also opposite the New Town Hall.

I recommend that the Town make provision for the widening of Massachusetts Avenue to the Lexington town line, and establish building lines on Massachusetts Avenue from Central Street to the Lexington line, as that would prevent any new buildings being erected on the area needed for any future widening of Massachusetts Avenue.

I recommend also that building lines be established on Medford Street from Massachusetts Avenue to the Medford line, as the County Commissioners have the matter of widening this street under consideration.

As the land has now been taken for Summer Street Extension, I suggest that an appropriation be made for its construction during the coming year, and thus relieve the congestion on Massachusetts Avenue and expedite the development of the northerly part of the Town.

Annexed to this report is a table giving names of all streets in the Town, public and private, length, width and total mileage,

Respectfully submitted,

GEORGE E. AHERN,
Town Engineer.

REPORT OF THE SUPERINTENDENT OF WIRES.

ARLINGTON, MASS., February 17, 1915.

To the Honorable Board of Selectmen and Board of Public Works:

Gentlemen: I respectfully submit my fifteenth annual report as Superintendent of Wires for the year ending December 31, 1914, which includes the supervision of Fire Alarm and Police Signal Systems, Street Lighting and Inspection of Wires in buildings and on the highways.

FIRE ALARM SYSTEM.

This system has given good service as in the past and all alarms for fire have been transmitted correctly. Much work has had to be done during the year on the aerial and underground wire systems, owing to new poles being set. Many new poles being terminals for underground conduits, in these cases considerable labor and materials are required to cut over between the aerial and underground systems. Several difficult cases of trouble on underground wires near the center of the Town have been experienced, owing to deteriorating insulation, etc., of these wires. On September 18, at 2.30 P.M., while employees of the Telephone Company were working in a manhole on Massachusetts Avenue near Medford Street, a break occurred in one of the fire alarm wires passing through this manhole. The fire alarm was sounded twenty-one times in succession before this particular circuit was cut out of commission. Trouble was located in this manhole by one wire being broken under insulation owing to corrosive condition of the wire, which broke by being moved by the workmen, although it being unknown at the time by these men. Other cases of underground wire have occurred, developing high resistance on wires at times and being difficult to locate, owing to varying conditions. Thirty-six hundred and fifty-four (3654') feet of new insulated wire was installed on Lowell Street, between Park and Westmoreland Avenues, replacing old bare iron wire which had been in use about twenty years.

On June first a new signal box movement No. 25 was put in commission at the Central Fire Station, replacing connection to Transmitter Box inside this station which had been in use for several years. On June 2, Box No. 41 on Massachusetts Avenue near Schouler Court was changed to Box No. 42, this box being equipped with modern break-wheel and contact springs. On the same date Box No. 4, on Jason Street was changed to Box No. 41. With these changes the numbers (forty-ones) are all in the Jason Street district, which will enable the Fire Department, in case of failure of any of these boxes to transmit properly, to assemble fire apparatus very near to the location of fire. A new gong was placed in the Chief Engineer's residence, also a gong was placed in the Theodore Schwamb Company's building, as there are quite a number of men employed by this company who are members of the Fire Department, and trouble has been experienced in the past by these firemen in hearing alarms. On August 17, a new (private) box No. 471 was placed in commission at the Theodore Schwamb Company, this box being paid for by this Company. A punching register was installed at Fire Alarm Headquarters on June 30. This piece of fire alarm apparatus is one of the most important of the entire system as every blow sounded on system is recorded on a tape and a record can be kept of every alarm or blow transmitted over the system, besides the exact condition of street signal boxes can be observed in as far as operating time between blows and rounds as sent out by the boxes. Special Box No. 22 and a gong were placed in the new Police Station when the old station was abandoned, Fifty new storage battery plates were installed at headquarters replacing old plates. A new dust tight cabinet was built to be placed in the Central Fire Station to take all relays in service in this building operating the Medford and Somerville auxiliary fire alarm circuits and other local gongs. All connections were completed with the City of Medford and this new system will be put in service early this coming year.

On November 13, at 1.47 P.M., the Fire Alarm and Police Wires were broken at the corner of Broadway and Tufts Street, being caused by the falling of several poles on Broadway at that time. A violent wind storm was raging at the time, being one of the most severe ever experienced in this section. By the

falling of poles all fire alarm and police wires were broken where these lines cross Broadway from Tufts Street. Three (3) Fire Alarm and Police Signal Boxes were put out of commission for several hours before broken wires could be temporarily replaced. No damage was experienced to interior mechanism of boxes by contact with high power wires of the light and railways companies, although all wires were mixed up together for some time. This serious wire trouble again demonstrated the want by the Wire Department of a suitable wagon properly equipped to meet such emergencies.

One thousand (1000) fire alarm cards were issued by the Wire Department and given out to citizens, showing numbers of all signal boxes in use.

POLICE SIGNAL SYSTEM.

This system has given excellent service with very few interruptions. One case of underground wire trouble was experienced, wires being corroded off, owing to water in conduits. Twenty-four hundred and thirty-eight feet (2438') of new insulated iron wire was run on Mystic Street between Glen and Fairview Avenues, replacing old twisted pair copper wire. Twenty-two hundred and ten (2210') feet of new insulated iron wire was installed on Gray Street between Jason and Pleasant Streets, replacing old twisted pair wires. On June 16, a new Police Signal Box No. 24 was put in service on Warren Street near Beacon Street, three thousand and twenty (3020') feet of No. 10 insulated iron wire being used to connect same. On June 19, a new Police Signal Box No. 43 was placed in commission on Brattle Street, near railroad station, fourteen hundred and seventy (1470') feet of wire being used to connect same. This makes seventeen (17) Police Signal Boxes in service and the entire system is one of the best assets that the town owns, increasing the efficiency of the Police Department as well as being a valuable auxiliary to the Fire Alarm System.

STREET LIGHTING.

The street lighting system has given satisfactory service during the past year. New additional lights were installed as follows: Twenty-seven (27) 40 c.p. and one (1) 100 c.p. incandescent,

also two (2) arc lights. Four (4) 40 c.p. incandescent and two (2) arc lights were removed. Making a net total of twenty-four (24) new lights placed in service for the year.

POLES AND WIRES.

Thirteen (13) poles were set in new locations as petitioned for in accordance with plans submitted. Locations were granted after hearing being held in accordance with the Public Statutes.

One hundred and seven (107) poles were replaced on the highways by the following companies:

New England Telephone and Telegraph Company.....	22
Edison Electric Illuminating Company.....	81
Lexington and Boston Street Railway Company.....	4
Total.....	107

On November 13, at about 1.47 P.M., one of the most serious accidents that has happened for several years took place on Broadway by the falling of poles between Wyman and Tufts Streets. During a wind storm of unusual severity, which was raging at that time, a pole broke somewhere on this line between the above specified streets. This pole in falling, under the extreme conditions existing and violent wind pressure exerted, caused the collapse of fourteen (14) poles owned jointly by the Edison and Boston Elevated Railway Companies, also two (2) poles on Tufts Street owned by the New England Telephone and Telegraph Company were broken and fell into the street. The pole line on Broadway carried the largest and heaviest number of wires of any in town and being the main trunk line of the Edison Company for Arlington from the Somerville Station with heavy feed, span and trolley wires of the Boston Elevated Railway Company, the tangle of wires exceeded anything of the kind that has ever occurred in this community. Power was immediately shut off of the Edison wires, but the feed and trolley wires of the Elevated Railway Company made an electrical display for some time that was beyond description. One heavy rail was electrically burned in halves by contact with the feed wires. Employees of this department finally cleared the feed

wires from contact with the street car rails and upon arrival of the emergency wagons of the railway company, all power was shut off. The Fire and Police Signal Wires were broken where crossing Broadway at Tufts Street, putting out of commission for several hours signal boxes in that vicinity. Examination of poles showed that several were badly decayed, although others were sound, the decayed poles breaking at the ground, while the new poles broke from two to five feet above the ground. This line of poles was inspected in 1913 and several poles were replaced as found bad at that time and it is evident that the inspection made at that time did not indicate other poles were unsafe, owing to the fact that, being set in cement, the decay was at a point below where test was made. The inspection department of the companies owning these poles will, no doubt, in future make more careful tests of all poles standing in this and other communities, as to structural strength and the load which they carry, as an accident of this kind is exceedingly dangerous to the public besides being expensive to companies owning the same. The rapidity with which broken poles and wires were replaced and service restored can certainly be commended, this work practically being completed in one night, which never could have been done except by large and well organized companies having adequate supplies and men at hand to meet such an emergency. Two accidents occurred when these poles fell which is to be regretted, although more serious results might have happened if there had been electric cars or other vehicles on this street at the time. One express automobile was struck by a falling pole and one of the drivers injured, besides breaking the auto in several parts. Another falling pole hit a horse and wagon, injuring the driver quite seriously and so badly injuring the horse that same had to be killed. With the inspection and replacement of poles that is continually being made it is to be regretted that an accident of this nature should happen, although it is the opinion of this Department that all poles would have stood until replaced if same had not been subjected to severe conditions, and a repetition might occur again during a heavy snow fall, as has happened in the past, the very best class of pole construction being destroyed. The only place for wires on a main thoroughfare in a large community is to put same underground, and

it is hoped that much of this class of construction will be installed in this Town at an early date.

INSPECTION OF WIRES IN BUILDINGS.

The following schedule of inspections made and other data pertaining to this branch of the Wire Department is respectfully submitted.

The past year, while being considered poor from a business standpoint, shows an increase of twenty-four per cent in number of inspections made over the year 1913, these inspections being principally made on new buildings or old buildings newly wired and not for minor additions which are taken as time permits. This would indicate that building is rapidly on the increase in the Town, even under the present business depression. Many new electrical contractors are each year doing work in this Town, some of these so-called electrical contractors require careful watching, being incompetent and of no business standing, their main object being to do work as cheaply as possible and get paid and never return. This class of contractors is brought up with a short turn and given to understand that no permits will be issued by this Department for service to any building until

the electrical installation is brought up to standard requirements in accordance with the National Electrical Code.

RECOMMENDATIONS.

I respectfully make the following recommendations, some of which I have called to the attention of the Town in past reports.

In view of the rapid growth of the Town, it is essential that the underground wire systems of the Fire Alarm and Police Signals be extended as fast as possible. A certain amount of the new construction should be done each year until all aerial wires are placed underground on streets where conduits exist. For the coming year new underground cables should be installed on Massachusetts Avenue from the Highland Hose House to the corner of Massachusetts Avenue and Forest Street. With the constantly increasing number of Fire and Police Signal Boxes and Wires in the Heights section of our Town everything possible should be done to insure the proper working of these systems. This year provision *must* be made for renewing of parts of existing underground wires near the center of the Town. These wires were installed about fourteen (14) years ago and were of rubber covered insulation much used at that time. New wires installed in later years have been lead covered. Rapid deterioration is taking place on this class of rubber covered wires, owing to dampness, gases, etc. Serious trouble has developed at times on existing wires, which has been difficult to locate quickly, owing to varying conditions. New cables should be installed in 1916 in the center of the Town to replace the old wires now existing. These new proposed cables will be lead covered and will contain a sufficient number of wires to allow for more circuits being put in commission on the Fire and Police Signal Systems as demanded by the growth of the Town in the future. Tap conduits and terminal posts should be installed this year to allow for installation of new wires in 1916. The renewal of all old wires of rubber insulation now existing will have to be done from year to year until all of this class of wires are replaced.

New battery racks will have to be installed at the Fire Alarm Headquarters this year as the present racks are overloaded and will not allow for more batteries which are constantly being added to as the fire alarm system is enlarged. The present wood bat-

tery rack has been in use fifteen (15) years, and has answered for that time, but same must be replaced this year by a modern steel rack in accordance with Insurance Inspection Requirements. As a room has been reserved in Old Town Hall Building for enlargement of Fire Alarm Headquarters, I recommend that this room be taken this year and fitted up as a battery room. I also recommend that room in basement, now used as meter room by the Water Department be given to the Wire Department, as it is absolutely necessary that this Department be provided with suitable quarters for storage of ever-increasing amounts of materials required by same, besides providing a place where repairs can be made and other work done that is necessary on the Town signal systems.

In accordance with the recommendations of the Fire and Police Chiefs, I recommend the installation of new fire and police signal boxes in the following specified locations. These boxes should be installed this year to give protection to certain sections of the town where rapid building has taken place and where the rescent signal boxes are too great a distance from same.

NEW FIRE ALARM BOXES RECOMMENDED.

Massachusetts Avenue, near Trowbridge Street.

Marathon Street, near Waldo Road.

Massachusetts Avenue, near Everett Street.

Everett Street, near Raleigh Street.

Jason Street, near Norfolk Road.

Highland Avenue, near Gloucester Street.

Gray Street, near Fountain Road.

Cedar Avenue, near Renfrew Street.

Massachusetts Avenue, near Hibbert Street.

NEW POLICE BOX RECOMMENDED.

Lake Street, near Railroad Crossing.

FUTURE RECOMMENDATIONS.

As the Town is rapidly growing, it soon will become necessary to enlarge the electrical apparatus at headquarters of the Fire Alarm System. More outside circuits will have to be created to prevent overloading of the existing circuits by new street boxes being installed and also to guard against too large a terri-

tory being left uncovered in case any part of this system becomes inoperative which is liable to happen at any time. A new protector board, battery charging board and repeater will have to be installed before many years at headquarters, which if done at one time would require a large appropriation. Parts of new apparatus necessary should be purchased and installed from year to year, thus dividing the expense and in a few years the Town will own an up-to-date Fire Alarm Headquarters equipment which will give many years of service before again requiring enlarging.

Respectfully submitted,

REUBEN W. LEBARON,
Superintendent of Wires.

REPORT OF TOWN COUNSEL.

To the Honorable the Joint Board of Selectmen and Board of Public Works.

I herewith present my annual report as Town Counsel for the year ending December 31, 1914.

For the first time in many years the Town has been engaged in litigation and it may be of interest to know that not since 1908 has there been a trial of a case involving the Town.

By far the most important matter was the case of the Suburban Land Company against the Town growing out of the takings on Turkey Hill. This case was tried for seven days before a jury in the Superior Court in April. The Suburban Land Company's contention was that the land taken was of very great value, that a large part had been sold on the instalment plan, and that they had been greatly damaged by the taking. The jury after hearing the evidence returned a verdict of \$2617, notwithstanding the evidence of experts for the Land Company that the value was at least \$22,500. The case went to the Supreme Judicial Court upon exceptions, the principal one being whether or not the amount of money agreed to be paid by holders of land developer's bonds could be introduced in evidence on the same footing as an actual sale. This case was argued before the Supreme Judicial Court in December, and on December 31 an opinion was handed down in favor of the Town's contention that these bonds were not proper evidence and did not stand upon the same footing as a sale, and further, that prices established artificially and temporarily by booming methods should not be regarded as equivalent to the market value as established by the natural law of supply and demand. This is the first time that this particular point has been decided in this jurisdiction and is of great importance, not only to the Town, but to all municipalities in future land taking cases.

The next important matter was the trial of the Cousens estate tax appeal. This grew out of a petition for an abatement filed by

the estate of W. D. Cousens and was tried before Hall, J., of the Superior Court in May. The contention of the petitioner was that even though a tax return was not filed by the executors they would nevertheless be entitled to an abatement on at least a \$15,000 tax. The contention of the Town was that the statute required the filing of a tax return and that, unless that tax return was filed, the Superior Court had no jurisdiction to grant any abatement. The contention of the Town was sustained and the petition dismissed with costs, which amounted to about \$35, which were collected and turned over to the Treasurer.

The above cases were the only cases tried for the Town and both were decided in the Town's favor.

The examination of the title to the Schouler Court site, so called, was a matter which was of great importance to the Town and required a very great amount of work. By reason of the vote of the Town the Board of Selectmen were required to purchase the whole area, comprising about fourteen acres, for a sum not exceeding \$28,000 and by reason of the law, no taking could be made as the area exceeded two acres in extent. Therefore, it was necessary that every inch of land should be purchased simultaneously. There were seven title holders and the examination covered some fifteen parcels of land, including not only land titles, but riparian rights as well. The matter was begun on March 4, and finally put through on May 29, work having gone along practically continuously, except during the interim of calling of the Town Meeting for ratification of the first vote.

The bill to reimburse the Town for smallpox, which was vetoed by the Governor in 1913, was again brought forward, a hearing had before the Committee on Ways and Means, and finally was passed by the House and Senate and became a law without the assent of the Governor. This reimbursed the Town for \$1200.

The Town at the March Meeting voted to petition the County Commissioners to widen Massachusetts Avenue, between Water and Central Streets, and a petition was prepared and filed. Three hearings before the County Commissioners were had, as well as numerous conferences with the Commission and with interested parties. The Commission found that common convenience and necessity required a widening of ten feet and the matter is now

pending, waiting the preparation of estimate damages in order that the award might be made.

The less important matters which have been attended to were an appearance before the Third District Court in behalf of the Principal of the Locke School, where an alleged assault was committed upon a pupil and whose father complained thereof. After a hearing before the Court, no complaint was issued.

A hearing was had before the Railroad Commissioners in regard to the petition of the residents of Whittemore Street and vicinity in regard to the whistling of engines.

A hearing was had before the Public Service Commission relative to the congestion at Arlington Heights and this was adjusted by the stationing of officers there.

In addition to the Schouler Court title, the following titles were examined for the Town: the playground land on Winter Street, the Hall land on Massachusetts Avenue adjoining the Schouler Court site, the land of Russell on the edge of Mystic Pond for the Park Taking, the land of Mary A. Lowe on Mystic Street for the Park Taking.

The case of Farren against the Town, where a child sustained a broken leg by reason of being run over by a wagon of the Town was settled for \$150.

The case of Patriquin for injuries sustained in the highway is now pending in the Superior Court.

The claim of Broderick against the Town is still pending.

The case of Mrs. H. J. Phillips for injuries sustained by a defect in the highway was settled for \$25.

The case of Fessenden against the Town growing out of a defect in the highway was settled for \$18.65.

The case of Rose Keezer against the Town is still pending.

Notices have been received from two persons for injuries sustained by reason of the fall of poles on Broadway.

In addition to the foregoing all meetings of the Board have been attended and I have had numerous conferences with the Committee of Twenty-one, Board of Health, and other Town Boards and officials.

Other routine matters have been attended to.

Respectfully submitted,
PHILIP A. HENDRICK, *Town Counsel.*

REPORT OF THE PLANNING BOARD

At the Town Meeting, held March 26, 1914, the Town voted to elect a Planning Board in conformity with the requirements of Chapter 494, Acts of 1913, and on April 9, 1914, the following five citizens were elected to serve on the Board:

Henry S. Adams, Chairman, to serve one year; Harry G. Porter, to serve two years; James P. Parmenter, to serve two years; Cyrus E. Dallin, to serve three years, and Robert W. Pond, to serve three years.

During the year the Board have held meetings from time to time at which matters in general relating to the development of the Town have been discussed, such as transportation, fire hazard, and the extension of local and metropolitan utilities.

It has not been necessary to spend as yet any of the appropriation provided by the Town, as the work of the Board has largely been preliminary.

Various matters have been referred to the Planning Board by the several Boards and Committees of the Town which have been carefully considered, among others the location of the new high school building, and the following is the suggestion made to the High School Building Committee:

“At a meeting of the Arlington Planning Board, held July 10, the Committee on the new High School and the architect, Mr. Prescott, submitted plans for the high school building.

“The Board was very favorably impressed with the plans which were most ably and painstakingly presented by Mr. Prescott. While the members of the Board had no criticisms to make on the practical working out of the plans of the building itself as presented to them, they nevertheless felt that the spot chosen for the building, owing to the topography of the land, is not ideal, and that a more thorough study of the entire lot should be made, looking towards its future development both from a practical and esthetic point of view.

“The Board feels that it is of vital importance to the Town

that the placing of this important building, which involves such a large expenditure of money for its construction, should if possible meet all the demands not only of the present but of the future, both practically and artistically.

"Therefore the Board, in its capacity as advisor, is unanimous in suggesting to the Committee on the High School Building that the services of an expert landscape architect should be secured to make a thorough and comprehensive study of the entire Schouler Court site, and that the services of Mr. Frederick Law Olmsted be engaged for this purpose."

And in reply the Board received this letter:

"Arlington, August 12, 1914.

"Arlington Planning Board,
Arlington, Mass.

"*Gentlemen:* I am instructed to acknowledge, on behalf of the Committee on Plans for a new High School Building, receipt of the report of the Arlington Planning Board upon the preliminary plans of the proposed high school building. This report was referred to the Committee at a meeting held August 3.

"The Committee wishes to extend its thanks to the Planning Board for the words of commendation and praise which the Board expresses for the architect, Mr. Prescott, and for the plans as submitted by him.

"The Committee on Plans feels that it has carefully and adequately considered the matter of location of the building on the Schouler Court site, and it believes that considering economy in type of building, protection from disturbance incident to traffic on Massachusetts Avenue, and the question of drainage, the building is advantageously located. The architectural authorities whom the Committee has employed to assist it, concur with the Committee in this opinion.

"Concerning the problem of grading, the Committee believes that with the building advantageously located from the standpoint of the more vital considerations, reasonable study will provide an entirely satisfactory solution.

"So far as the provisions for expansion are concerned, the Committee consider that the proposed building affords opportunity for enlargement if future needs show this to be desirable. If

additional buildings for specific purposes prove to be the requirement of the future, the type, location and accommodations to be provided are so problematical that the Committee deems it inexpedient to attempt to do more than to leave the portion of the site more distant from Massachusetts Avenue unencumbered and available for such development as the future may show to be desirable.

"Thanking you for your consideration and courtesy, I am,

"Yours respectfully,

(Signed) "CLARENCE A. MOORE,
"Secretary."

Members of the Planning Board have attended meetings before the Public Service Commission on transportation problems in the metropolitan district, and certain suggestions were made which we hope will be of help to them, as well as meetings at City Hall, Boston, on the same subject and on fire prevention.

Members have also attended meetings of the County Commissioners at Cambridge on the street locations as well as meetings at the State House on fire prevention and fire hazard.

In connection with these subjects, members of the Board have made personal investigation and given much of their time to questions under discussion. They also have made personal inspection and study of the conditions by going out on the ground, to the end of becoming familiar with the problems in all detail.

While the Board have no special recommendations to make at this time, they will in the near future bring before the Town their suggestions as to such matters as are of interest and benefit to the community. They, however, wish to call the attention of the Town to the fact that some of the people contemplating building have appeared before the Board and presented their plans for approval. We believe it will be for the best interest of the Town if all builders will do the same.

The Board of Survey Plans submitted under the Board of Survey Act have been considered and locations of streets studied on the ground.

The school population is increasing at the rate of 200 to 250 pupils per year, which will make it necessary to provide additional school accommodations within three years.

Respectfully submitted,

HENRY S. ADAMS,
HARRY G. PORTER,
JAMES P. PARMENTER,
CYRUS E. DALLIN,
ROBERT W. POND,
Planning Board.

REPORT OF TREE WARDEN.

To the Citizens of the Town of Arlington:

I respectfully submit the following report for the year ending December 31, 1914:

The increasing interest in shade trees in practically all the cities and towns of the State is worthy of more than a passing notice. There is no doubt that the shade trees contribute to the healthfulness of a city or town, as they have a restful effect and make homes more attractive, and that which tends to give rest and pleasure must also contribute to its healthfulness.

We have on our streets 4286 trees, and in our parks, school yards, etc., 6641 trees, making a total of 10,927 trees.

The amount of damage inflicted on shade trees by the mischievousness of boys and the carelessness of drivers of all kinds of vehicles is underestimated.

The danger from leaf-eating insects is slight, as they are kept in check by the work of the moth department. The destructiveness of the leopard moth is very severe, and effective work must be done this year if we wish to save our trees. Practically all kinds of shade trees are attacked by the larvæ of this moth. The eggs are deposited in crevices and under loose bark during the month of July. A single adult, depositing between 500 and 1000 eggs, on hatching the young caterpillar makes its way to the crotch of a small branch and at once bores into the wood tissue. It works downward toward the base and grows rapidly; it leaves that burrow and wanders to a larger branch and again begins feeding. They bore a channel through the center of a branch, or they may eat out a large cavity on one side. Many gnaw an irregular channel the size of a man's hand right under the bark. Two years are required to complete the life cycle; they remain dormant during the winter months and resume feeding the next spring. When they girdle the limb the effect is immediate; the circulation of sap is cut off and the limb dies. The moths do not feed on the leaves and for that reason it is a hard insect to fight.

Effective work can be done, however, in the late summer and fall by injecting carbon bi-sulphide into the burrow and plugging the opening with putty, and also by the use of a wire. Badly infested limbs should be removed and immediately burnt.

SUCKING INSECTS.

Sucking insects, such as the cottony maple, San José and oyster-shell scale, are found in all parts of the town. These insects do not eat the leaves and it is absolutely impossible for that reason to kill them with a stomach poison. They can be reached only by contact poisons which act on the breathing pores of the insect.

ARMY WORM.

The army worm was found in large numbers in the east end of the town. They were exterminated before any great damage was done, this being accomplished by spraying at a cost of \$27.30, which was paid for by the State.

PLANTING.

One hundred and twenty-five linden and one hundred rock maple trees were set out this year. No tree guards were bought this year, and for that reason 125 small trees are left unprotected.

RECOMMENDATIONS.

Last year \$1000 was appropriated to be expended under the direction of the Tree Warden. If we wish to save our trees much work must be done on the leopard moth this year; also guards must be purchased for those trees that were set out last year, and I would recommend that the sum of \$2000 be appropriated for the ensuing year.

CONCLUSION.

In closing my report I wish to extend my thanks to your honorable board, also to the Town Clerk, Town Counsel and Auditor for information cheerfully given to me in the performance of my duties. The following is a statement of the nature and location of work done, also the expenditures:

REPORT OF BOARD OF PARK COMMISSIONERS.

ARLINGTON, January 20, 1915.

The Board of Park Commissioners desire to submit the following report:

As in former years practically all of the work of the Park Commission has been the care of Menotomy Park, Russell Park and the triangles on Medford Street. The seedling pines planted a few years ago in Menotomy Park are making a good growth, and we are sorry to report that it was necessary to keep a man at the Park to prevent the destruction of the larger pines, which were set out there a little over a year ago, quite a number of tops being cut off these trees. During the past season ten acres of land on the top of Turkey Hill were taken for park purposes in connection with the Board of Public Works, and although the owners did not accept our award, but took it to the Supreme Court, the award was not materially increased.

In connection with the matter of a boulevard between Medford and Mystic streets along the shore of Mystic Lake, we can report that a layout for a boulevard has been received from the Metropolitan Park Commission, and two parcels of land on the route have been acquired by purchase and another parcel has been taken. It is expected that these parcels will be acquired at a cost within the amount appropriated by the Town at the September meeting. When the route has been definitely decided on another small parcel will have to be acquired. A bill has been introduced by our representative in the Legislature for aid in connection with the construction of this boulevard, which is about three thousand feet long and will be a connecting link between Summer Street and the Mystic Valley Boulevard, and furnish a through route from Somerville and Medford to Lexington and the towns beyond.

Respectfully submitted,

C. H. GANNETT,
C. H. HIGGINS,
W. E. LLOYD.

REPORT OF BOARD OF PUBLIC WORKS.

The Board of Public Works herewith submits its annual report for the year ending December 31, 1914.

At the Town Meeting held on March 2, 1914, Henry S. Adams, Philip Eberhardt and Henry W. Hayes were elected members of the Board. The Board organized on March 2, 1914, with a choice of Henry W. Hayes as Chairman.

APPOINTMENTS.

At a meeting held March 23, 1914, Harold N. Willis was appointed Water Registrar and Bookkeeper, and Herbert S. Clark of Worcester, Mass., Superintendent of Public Works. At a meeting held March 30, 1914, George E. Ahern was appointed Assistant Superintendent of Public Works, and Robert W. Pond Clerk of the Board, all appointments being from April 1, 1914.

The regular meetings are held each Monday evening at 7.30 o'clock.

The following are the net expenditures made under the direction of the Board:

Highway Division	\$39,701.72
Sewer Extensions	6,321.61
Sewer Maintenance	1,496.29
Water Extensions	11,994.63
Water Maintenance (includes interest, sinking fund and Metropolitan Water Assessment)	56,651.28
Permanent Sidewalks	3,977.57
New Street Construction	7,997.39
Street Watering	5,000.00
Hutchinson Road	2,948.69
Massachusetts Avenue widening	299.94
Total	<hr/> \$136,388.52

HIGHWAY DIVISION.

The special work of the Highway Division has been the reconstruction of parts of Massachusetts Avenue between Water Street and the Cambridge line, Mystic Street from Chestnut Street to Summer Street, and Pleasant Street from Addison Street to Massachusetts Avenue.

The reconstruction work done on Massachusetts Avenue is as follows:

Northerly Side — Water Street to Tufts Street.

Southerly Side — Pleasant Street to Railroad, Pond Lane easterly about 246 feet, and from Magnolia Street westerly 653 feet.

In addition to this, the division has resurfaced the northerly side between Teel and Henderson Streets, and southerly side between Academy and Jason Streets.

The total cost of this work was \$7,292.44. The work on Mystic Street was done at a total cost of \$2,475.30, and on Pleasant Street at a cost of \$3,075.44, an average cost for the three streets of 51 cents per square yard.

Three thousand, nine hundred and sixty-seven tons of crushed stone were purchased on cars at Arlington at a cost of \$1.20 per ton; 2421 tons at an average cost of \$1.48 per ton were delivered on the work by auto truck, making a total of 6,418 tons purchased for road work during the year 1914.

The widening of Massachusetts Avenue at the Lexington line has been completed at a cost of \$299.94.

The work of widening and straightening Hutchinson Road is 99% completed at an expenditure of \$2,948.69, there remaining in this appropriation \$11.31. The balance of this work should be done in the early spring.

The six streets accepted at the March meeting in 1914 have been constructed at a total cost of \$7,997.39. This low cost of construction was made possible by the use of material taken from the reconstruction of Massachusetts Avenue and Mystic Street.

The material excavated from Pleasant Street was used in the resurfacing of Lombard Road, Lombard Terrace and Lakeview. This, with a covering of stone dust, converted these dry and dusty roadways into water-bound macadam, with a view to a future treatment with tarvia.

In the matter of storm drain construction, having no appropria-

tion for the same in 1914, very little has been done. With the exception of the drain laid in Harlow Street (included in its construction) 250 feet of 15-inch pipe was laid at the time the sewer was extended in Highland Avenue, with a view of some time connecting with the drain which must be built on Massachusetts Avenue. Two hundred and seventy-eight dollars and thirty-eight cents was expended on this work and paid out of the Highway appropriation.

Close attention has been paid to the matter of patching those streets of recent construction.

The advantage of having two steam rollers has made it possible to organize a patching gang on a somewhat extensive scale, thereby covering the principal streets in two or three days. In addition to this, a patrol was organized which has done efficient work in keeping up the wearing surface of tar macadam.

The total cost of maintaining the stable teams for the year 1914 was \$7,815.90, the average cost of maintenance per working day being \$1.69 per horse.

The value of the property controlled by the Highway Division January 1, 1915, amounted to \$18,733.92, classified as follows:

Horses, vehicles, machinery and tools	\$14,692.18
Buildings and appurtenances	2,472.30
Material available for new work	1,569.44

In addition to the above, material and equipment in charge of the Highway Division owned by the Street Watering Division, amounts to \$1,298.20.

EDWARD A. BAILEY,
Collector of Taxes.

December 31, 1914.

AUDITOR'S STATEMENT

I have examined the accounts of Edward A. Bailey, Collector of Taxes for the Town of Arlington, Mass., and find the same correct, agreeing with the Auditor's books.

GEORGE McK. RICHARDSON,
Auditor.

December 31, 1914.

AUDITOR'S REPORT.

For the Financial Year Ending December 31, 1914.

The books of the Treasurer have been examined and agree with the Auditor's accounts. The cash balances in banks as reported by the Treasurer have been verified by bank statements. The accounts of the Trustees of all the Trust Funds have been examined and all securities as reported were found to be correct.

Two overdrafts appear in the accounts due to clerical errors in my office during the rush of closing 1914 accounts and paying 1915 bills at the same time. The overdraft on Wire Department is due to an error in posting, which was not discovered until the books were closed. The overdraft on Incidentals is due to a 1915 bill being put through on 1914 account, and not discovered until books were closed.

I wish to again call attention to the Public Property account, which should be revised by a competent committee, it being now nearly twelve years since this was done.

Respectfully submitted,

GEORGE McK. RICHARDSON,
Auditor.
